REFLECTION—MARRIAGE BUILDING

INITIATIVE: Male & Female—God in His great goodness, created us in His image, “male and female He created them.” (Gen 1:27). Men and women are equal in dignity and both very necessary for God’s plan for marriage. We are made for one another, and together God has shared with us the great honor of creating new life. Let us praise God for that and not try to change His plan.

“Marriage, the clinging together of husband and wife as one flesh, is based on the fact that man and woman are both different and the same. They are different as male and female, but the same as human persons who are uniquely suited to be partners or helpmates for each other. The difference between man and woman, however, cannot be restricted to their bodies, as if the body could be separated from the rest of the human person. The human person is a union of body and soul as a single being. Man and woman are two different ways of being a human person.”
