ACHE. is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not. CARTER'S LITTLE LIVER PILLS are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not grip or purge, but by their gentle action please all who use them. In vials at 25 cents; five for \$1. Sold everywhere, or sent by mail. CARTER'S MEDICINE CO., New York.

VINEGAR BITTERS. Only Temperance Bitters Known. The only non-alcoholic vegetable medicine put up in liquid form ever discovered. It is not a vile fancy drink made of rum, poor whiskey, or refuse liquors, spiced and sweetened to please the taste, but a purely vegetable preparation, made from native California herbs.

VINEGAR BITTERS. It is always safe to take at any time, or under any condition of the system, for old or young or for either sex. It is not up in the style, the old is slightly bitter, and is stronger in its cathartic effect. The new style is very pleasant to the taste and a perfect medicine for delicate women or children. Each kind is distinctly marked on top of its carton.

VINEGAR BITTERS. The only Temperance Bitters known. It stimulates the Brain and quiets the Nerves, regulates the Bowels and renders a perfect blood circulation through the human veins, which is sure to restore perfect health.

VINEGAR BITTERS. GEO. W. DAVIS, of 169 Barrone st., New Orleans, La., writes under date May 26, 1889, as follows: "I have been going to the Hills Springs, Ark., for fifteen years for an itching humor in my blood. I have tried many bottles of Vinegar Bitters, and it has done me more good than the springs. It is the best medicine made."

VINEGAR BITTERS. JOSEPH J. EGAN, of No. 57 West st., New York, says: "I have not been without Vinegar Bitter for the past twelve years, and consider it a whole medicine chest in our family."

VINEGAR BITTERS. The Great Blood Purifier and Health Restorer. Cures all kinds of Headache, also Indigestion and Dyspepsia. Send for a beautiful book, free.

BURNING THE DEBRIS.

Work of Clearing Up the Wreck at Johnstown.

The Registration Bureau Reports 19,000 Former Inhabitants Unaccounted For—Twenty Hundred and Forty Bodies Have Been Recovered.

JOHNSTOWN, June 12.—At nine o'clock Monday night, twenty-six huge bonfires lighted up the valley and mountain sides for miles around. The piles of wreckage removed from the debris during the day was thus disposed of, making a grand sight. The horrors continue and there seems to be no end. Ever since the water receded into its channel, fathers, mothers, sisters and brothers seeking their lost, have wandered up and down amid the ruins. At each cry "They have found another," these heart-broken searchers hasten forward and anxiously gaze upon the features of the dead.

Every now and then is heard a wail of distress, sometimes rising almost to the pitch of screams and again nothing but a sob is heard as a friend or relative is recognized. Monday evening the body of pretty little Jennie Giver, aged fifteen, was discovered. A charge of dynamite loosened the jam of drift, disclosing four bodies. Under the floor of a wrecked building, pinned down by the heavy sills lying across her face and limbs, lay the body, crushed almost beyond semblance to humanity. A man elbowing his way through the crowd stood gazing at the mud-covered corpse. His anguish-stricken countenance proclaimed him a relative, even though he did not speak. As he turned away after the body was removed he was asked if he recognized her. His look was as if he could not understand and his only response was, "Poor, poor Jennie."

A department for identification of valuables was established on Main street yesterday, with Rev. Mr. Baer in charge. June 12.—Hundreds of the laborers left here yesterday. This is but the beginning of the outpouring that will set in to-day. The opinion is gaining strength that General Hastings has made a serious mistake in offering less to the laborers than has heretofore been paid, and the result will be at least a temporary cessation of work. Under present management the wages have been two dollars per day and food furnished. Under the State management wages are to be reduced to \$1.50 per day with board furnished them. All of Hood & Flynn's men about 4,000, will be paid off and discharged. Transportation will be furnished for as many as do not wish to remain and work for the State at the reduced rate.

At six o'clock last evening the new regulations for the government of Johnstown went into effect. The heads of departments were announced as follows: Colonel J. L. Spangler will have charge of all the supply stations throughout the flooded district. The district will be divided into two posts, commissaries. No. 1 will be under command of Mayor W. H. Horn, who will have charge of all supplies received over the Pennsylvania railroad. No. 2 under the direction of Mayor Singer, who will have charge of all supplies received from the Baltimore & Ohio railroad. The county will be subdivided into eleven districts under the care of quartermasters attached to the different regiments of the National Guard of the State. Lieutenants Bean and Burnett of the regular army are associated with Colonel Spangler in the work.

Several stores were opened during the day and were thronged with purchasers. Many of the things purchased were for female wear, which they had deprived themselves of rather than accept them for nothing in a crowd of scrambling men and boys. There was a system everywhere yesterday and a great improvement is manifest. There is an excess of clothing. Money and food is the present great need. Two carloads of fresh meat, delayed by the way, were so badly spoiled when they arrived yesterday that their precious contents had to be burned. The donations of provisions can not be too extensive. The intention is to solve the rail problem with petroleum and the torch. Yesterday for the third time the drift was fired and is burning fiercely, but if it is not destroyed fifty barrels of coal will be employed on it today and the whole mass will go in a bonfire.

BELLEVILLE, Pa., June 12.—Mr. Wilmer L. Main, superintendent of the Bell Telephone and Supply Company for Central Pennsylvania, has just returned from Williamsport, and describes the scenes at tending the food through the Susquehanna Valley as beyond description. There is hardly one building of any kind that stood in near proximity to the river that now stands on its original foundations, while he estimates that as many as fifty farms in the distance of twenty-five miles have been entirely cleared of buildings of any kind. Large barns were lifted and carried for miles, and deposited in the middle of wheat fields without having sustained any perceptible injury.

At one place about five miles below Lock Haven there is a pile of debris covering four acres of ground and consisting of everything mentionable—logs, trees, fences, wagons, farm implements of all kinds, household furniture of great value, two cars, a score of houses, dead animals, and a large place was found silverware to the amount of \$500. In Lock Haven the work of cleaning up is being vigorously pushed forward and the merchants are ridding their shelves of destroyed goods, all of which is completely covered by a coating of mud and is sold for whatever any one may offer.

JOHNSTOWN, Pa., June 13.—Wednesday morning notices were posted all over the city reading: "Wanted, 500 men at \$1.50 per day. Apply to Committeeman Flynn." Very few are applying for work. At nine o'clock the representatives of the Johnstown relief committee opened their office in the Baltimore & Ohio depot and began the work of paying the men who have been working here since the flood. The crowd was so great that a company of the Fourteenth regiment was called upon to hold them in check. This process of paying the men was found to be entirely too slow and another paying station was opened in the club house. The crowd waiting in line for their money numbered nearly 4,000 men. Trains on the Pennsylvania railroad now arrive and depart from the regular passenger station; the broken tracks over the stone bridge have been fully repaired. Some of the bodies recovered now are so badly decomposed that the skin breaks and hair falls off while being washed by the undertakers. None are being embalmed now. The bodies when first recovered are saturated with disinfectants, brought to the morgue where the clothing is cut off, valuables preserved, description taken, after which the remains are wrapped in a muslin shroud, confined and immediately taken away for burial. A request has been made that the mayors of all cities and towns along the rivers between Pittsburgh and New Orleans send description of any bodies that they may find in the rivers to General Hastings at Johnstown.

Permanent headquarters have been established in the Pennsylvania railroad freight warehouse. It is stated that General Hastings is considering the advisability of ordering out the Eighteenth Regiment to act as a relief to the Fourteenth Regiment, now doing guard and police duty. It is reported here that a number of citizens whose property was swept away by the flood have been in Pittsburgh since Monday looking up the financial condition of the members of the South Fork Fishing Club with a view to bringing suits to recover for their property destroyed. While in Pittsburgh they will also consult attorneys as to best means of procedure in case they decide to take legal steps.

HAPPY ENDING.

The Samoan Conference at Berlin Closed.

Agreement Signed, Sealed and Delivered—It Will Remain Bottled Until the United States Ratifies It, or Does the Other Thing.

WASHINGTON, Pa., June 15.—The agreement among England, Germany and the United States on Samoan affairs was signed at Berlin at two o'clock in the afternoon. It will not be made public until confirmed by the Senate. While it is called an agreement by officers of the State Department, Mr. Walker Blaine said that he thought it would undoubtedly require ratification by the Senate. If the instrument signed were one regulating the conduct of two countries toward each other, as for instance between the United States and Samoa, it would properly be designated as a treaty, but where the instrument signed is to shape the conduct of three Governments, viz: The United States, England and Germany, toward a fourth party, Samoa, it is held that its proper nomenclature is an agreement. At the same time, as it is a matter affecting the foreign policy of the United States, it is said that it will need ratification by the Senate, and that, therefore, it can not be made public prior to action by the Senate. The agreement is cordially approved by all the members of the Conference and by their respective Governments. The best of feeling prevailed at the termination of the labors of the Commissioners.

MURDERERS HANGED. BAINSBIDGE, Ga., June 15.—Alex. Henderson, colored, was hanged here for the murder of Henry Jones and his seven-year-old daughter. Henderson broke down on the scaffold and admitted his guilt. THOMASVILLE, Ga., June 15.—Will Dibell, colored, was hanged here for the murder of a negro named Long, last October. Dibell confessed. LEESBURG, Ga., June 15.—John Pickett, a negro nineteen years old, was hanged here for the murder of an old negro and his wife. Two thousand persons witnessed the execution. Pickett confessed.

Released On Bail. CHICAGO, June 15.—Alexander Sullivan was restored to liberty by Judge Tuley. The release was the immediate result of Sullivan's application for a writ of habeas corpus. Bail was fixed at \$20,000, and was promptly furnished by four well-known citizens, each of whom represented many times the total amount asked. Mr. Sullivan walked out of court after having been less than three days in custody. The judge held that the coroner's jury had been influenced by outside sentiment.

A Leap Into Niagara. NIAGARA FALLS, N. Y., June 15.—Yesterday afternoon an unknown woman committed suicide by jumping from Raceway Point in Prospect Park. In an instant her body was swept over the American Falls. Shortly afterward it was seen floating in the river and toward the Canadian side. The body was properly cared for. The woman was large-framed, about forty-five years of age, and weighed 170 pounds.

The Relief Fund. PITTSBURGH, June 15.—A dispatch from Harrisburg says: The total receipts to the Governor's fund for the relief of the flood sufferers Thursday and Friday amount to \$124,000, making the grand total about \$625,000. The contributions to the Johnstown sufferers received by the Pittsburgh Relief Committee yesterday aggregated \$25,000. The total amount received to date is \$564,000.

Powder Mills Blow Up. BROCKVILLE, ONT., June 15.—Yesterday morning the works of the Canada Powder Company, two miles east of this place, was blown up with terrific force. Fortunately the men had not gone to work and consequently no one was killed. Several horses and sheep were blown to atoms and a number of plate glass windows in the town were smashed.

Bank President Arrested. SAVANNAH, MO., June 15.—Judge MoLain, president of the Savannah Savings Institution, which failed Wednesday of last week, was arrested yesterday afternoon for receiving deposits, knowing that the bank was insolvent. The liabilities will reach \$85,000 and the assets will be over \$150,000. Only \$80.50 was found in the safe.

Liquor Tax in Michigan. CHICAGO, June 15.—A dispatch from Lansing, Mich., says: The Conference Committee of the two Houses on the liquor question agreed yesterday to fix the retail tax on beer and whisky at \$550, and the brewers' tax at \$63, and to compel druggists to obtain permits to sell liquor and make quarterly reports of their sales.

Cronin Memorial Meeting. CHICAGO, June 15.—Arrangements for a big memorial meeting will be held on June 28 to commemorate the murder of Dr. Cronin, are nearly completed. Mayor Criegler will preside and Governor Fifer will deliver an address. The stage will be occupied by Congressman, leading lawyers, editors and officers of societies.
