**RECEPTION AT HAYSWOOD.**

**A Fine Display of the Work of the Pupils of the Art Department the Past Session.**

Last evening was not reception evening at Hayswood Female Seminary. These receptions have always proved a most enjoyable feature of commencement week at this popular educational institution, and the one last evening was no exception.

The grounds, lighted with Chinese lanterns, were thronged with visitors who came and went as they pleased. Haucke's Reed and Brass Band, stationed on the veranda, rendered some of their choicest selections at intervals during the evening, adding much to the enjoyment of the guests.

The art work of the pupils the past session was displayed in the class-room, which had been tastefully fitted up for the occasion. Arranged on the walls of the room and on easels, was a large collection of paintings in oil, water-colors and crayon. The display was highly praised, the many compliments heard proving very gratifying to teacher and pupils.

An object study from still life, violin and music, done in oils, by Miss Alice Gill, was much admired. Also a fine landscape in oils by Miss Gill.

Miss Anna Shackelford exhibited several fine pieces, among them a bunch of tulips and some apple blossoms in oils, a crayon drawing of a woman, and a bird and dog in water colors.

Miss Ethel Johnson's work won her many compliments. A fine landscape in water colors was most admired. She also exhibited a bunch of tulips and some books, done in water colors, and several other pieces.

A lovely landscape executed in oils was the best piece exhibited by Miss Sue Hays. It was pronounced by many the finest painting in the display.

Miss Sue Bierbower also exhibited a landscape in oils. She left recently for Pueblo, Col., taking her best paintings with her.

A figure in water colors—"The Fisher Girl"—by Miss Estelle Sparks was much admired. She had several other fine pieces in the display.

Miss Emma Campbell had a lovely bunch of flowers—nasturtiums—in water colors.

Miss Lillie May Thomas had a fine landscape executed in water colors.

Miss Julia A. Cox contributed several fine pieces. Among them a marine scene, a landscape, and a figure of a woman all in water colors, and a land scape in oils.

A cabinet by Miss Mary T. Andrews and an easel by Miss Foster were fine specimens of wood carving.

**Stock, Field and Farm.**

A report from Sweet Owen, Owen County, says not a great amount of tobacco has been out yet on account of a scarcity of plants.

Andrew Madden, living on C. T. and B. F. Marsh's farm in Charleston Bottom, has nine acres of tobacco out, and lots of plants left.

In 1880 the champagne crop of France reached 30,648,121 bottles, last year it amounted 75,573,232 bottles, and in 1885 it was 83,368,953 bottles, the greatest yield ever known.

An exchange describes a very simple and cheap means of getting rid of potato bugs. It is the juice of tobacco. Wet long green, bruise and steep until the strength of the weed is extracted, then sprinkle it over the plants.

Weeds make excellent green manure if turned under. A rank growth of weeds indicates fertile land, but such land can be exhausted by removing weeds as well as by removing a regular crop. It will pay, therefore, to turn the weeds under and let them rot in the ground.—Exchange.

The Lexington Gazette, says: "The poorest crop of blue grass seed raised in Kentucky for many years, will soon ripen for harvest. It is very thin on the ground, and much of it is straw-fallen. Horses are the greatest enemies to blue grass seed among all stock. They strip the seed off, and as long as they have a supply of seed do not eat the blades."

A small green-looking bug, with black legs, has attacked the growing wheat in Mercer County. A report says: "They range in size from a celery bud to as large as a small pea, and resemble the lice usually found on rose bushes and other flowers. They are only found in the heads of the wheat and mostly at the base of each grain. Some stalks are literally lined with these parasites. Whether or not they will cause damage to the growing crops is yet unknown."

**To the Women of Maysville.**

A meeting of all the ladies in the city is requested for to-morrow, (Friday), in the Council Chamber at 3 o'clock, to devise some plan to send relief to the sufferers at Johnstown.

A LATE freak with fashionable young men is to carry the watch in the trousers' pocket, fastened by a black cord or strap that is fastened to the suspender button.—Exchange.

It is reported that an Aberdeener found the body of a baby floating in some of the drift from the Johnstown horror yesterday, but the remains were so badly decomposed that he would not take them ashore.

ALL honor to the women of our city. They are determined that Maysville's mite shall be added to the Johnstown relief fund now being raised throughout the country. See the call for a meeting to-morrow afternoon.

THE steamer Thomas Sherlock got as far as Augusta with her excursion party last Sunday, and the many Maysvillian's who stood on the "virandy" and looked in vain for her to come around the bend ought to be glad that she did not reach this city. The Augusta Chronicle says "there was a big crowd on board and it was a pretty tough one, too."

THE WEEKLY BULLETIN is mailed here every Wednesday evening and it is not our fault if subscribers do not receive their paper in due time. We make this statement because of the frequent complaints that come to us. A paper mailed here May 29 reached North Fork June 1. If the railway mail service can't do any better than that in ought to quit business.

THE Georgetown (Ky.) News-Enterprise says: "Miss Lena Hamilton, of Maysville, has brought suit for \$15,000 damages against J. J. Shackelford for alleged breach of promise. It is stated that she broke an engagement with another man to accept one with Shackelford. If this is true, the man she discarded ought to bring an action for the same cause, placing his damage at the same amount."

THE members of Haucke's Reed and Brass Band, already famous for their excellence, outdid themselves last night at the art reception at Hayswood Seminary by the fineness of their selections and the skill with which these selections were rendered. For nearly two hours they treated the large audience to music that could not be excelled. We are requested by the faculty and pupils of the seminary to express to the band their high appreciation of the music given on this occasion.

**Contributions for Johnstown.**

The Bank of Maysville forwarded this morning to the Johnstown sufferers \$140. There was one cash subscription from a lady of \$100, another from a lady of \$25, and three \$5 subscriptions from gentlemen. Let the good work continue.

**Commencement.**

The commencement exercises of Hayswood Seminary take place in the First Presbyterian Church to-night. The names of the graduates are: Misses Maude Adair, Alice T. Gill and Essie C. Hutchins. In addition to the attractions created by the graduation of the seniors, the reading of the roll of honor, etc., the music class will render some fine selections under the direction of Miss Sara P. Wilkins, their teacher. As on Tuesday evening, the exercises will commence promptly at 8 o'clock, and seats will be reserved for patrons who are present before that time. All are cordially invited.
