House, Sign and Ornamental

Painter and Paper-Hanger.

Shop north side of Fourth street, between Limestone and Market, Maysville, Ky. 19015

S. J. DAUGHTERY,

—Designer and dealer in—

MONUMENTS, TABLETS.

Headstones, &c. The largest stock of the latest designs. The best material and work ever offered in this section of the state, at reduced prices. Those wanting work in Granite or Marble are invited to call and see for themselves. Second street, Maysville.

WHITE, JUDD & CO.,

Furniture Dealers.

Mattresses and Bedding of all kinds in stock and made to order. No. 12 E. Second St. Maysville, Ky.

Johnstown's Loss.

It is Now Placed at Twenty-Three Hundred.

FIVE MORE BODIES RECOVERED.

In Ten Days More All the Debris Will Be Removed—Pay Day at the Cambria Iron Works—Portable Houses Not a Success—Other Flood Reading.

JOHNSTOWN, Pa., June 29.—The total number of bodies recovered to date as recorded by the chairman of the committee on morgues is 2,253, to which must be added about fifty that have been found at points along the river, of which no accurate list has been secured.

The lumber committee has refused to give any of the donated lumber for the erection of saloons. There is considerable complaint in consequence. The saloon keepers will hold a meeting to consider the matter. Out of an aggregate population of 200 in three blocks on Washington street it is discovered that 128 were drowned. In one house, ex-Sheriff Ryan's, nineteen persons were drowned.

Two men presented a forged letter from Gen. Hastings and Col. Spangler to Mrs. Kelly and Morel last night for the removal of Leona Smith, 11 years of age, to the Orphan's home, at Pittsburg, and the little girl was turned over to them. Leona and another child were the only survivors of a family of eight. Gen. Hastings knew nothing of either the child or the orphans.

Five bodies were recovered yesterday. E. Vincent Webber and Godfrey Hoffman were identified.

The Fourteenth regiment and the employees in many other branches of the relief were paid yesterday. This evening the Cambria, the Johnson and other establishments will pay their workmen. About \$70,000 were distributed among the laborers, and \$7,000 among the militia. All of the contractors, except McKnight were paid. With exception of Company's C. I. and F., the Fourteenth regiment will leave for home in the morning.

Judge Cummins, appointed by the state commission as disbursing officer, will arrive to-morrow and establish his office on Monday. He will pass upon all applications for the benefit of the relief fund, and all requests for assistance must come through him.

The Retail Merchants association held a meeting yesterday afternoon. Nine of the membership were drowned. The survivors declared their intention of resuming business as soon as facilities offered, and appointed a committee to look after their interests.

Philadelphia capitalists are negotiating for the purchase of the property at Bedford and Main streets upon which they propose erecting a large hotel immediately.

The registers say that nearly 17,000 people will be entitled to the \$10 per capita distribution of funds.

The Johnstown Savings bank finds after resuming operations that it has nearly \$800,000 on hand, a good part of which belongs to the people who were drowned. It is also stated that many of the people have no heirs, and now the question arises as to how the money will be disposed of. From what can be learned to-day there will be some trouble in court over the money. It appears that over 200 bank books are lost.

Ten More Days of Hard Work.

HARRISBURG, Pa., June 29.—In a report submitted to the governor, Adjt. Gen. Hastings says the state will have completed the work at Johnstown in ten days. This will include the removal of the debris in the Conemaugh river and the cleaning of the streets and cellars. He thinks the heads of families and single men earning wages should be at once cut off from relief in line of food, clothing and supplies. The portable houses are condemned as inadequate, and the erection of temporary houses is suggested. He also suggests that the relief commission appropriate a sum of money to each of the boroughs for the purpose of paying the ordinary municipal expenses of the government. He says the ration list has been cut down from 28,000 to 15,000, and that on Sunday he will be ready to turn over the entire commissary department to the citizens of Johnstown with satisfaction to all.

MINERS STRIKE

Nearly Seven Thousand Quit Work in Pennsylvania.

ALTOONA, Pa., June 29.—A strike was inaugurated in the Gallitzen and Frugality mountain sections yesterday. Four hundred and one miners met at Gallitzen last Monday to settle the price question, and demand five cents per ton advance, their action to govern the Bels Gap, Cresson Coalport, Clearfield and Punxsutawney fields. Three hundred and ninety-nine voted for the district price and committees were appointed to notify the operators. Not hearing favorably from the operators, the miners of the Gallitzen Coal and Coke company went out on a strike, and the Bels Gap country has determined to join in the strike on July 1. So far 6,800 miners are affected by the demand.

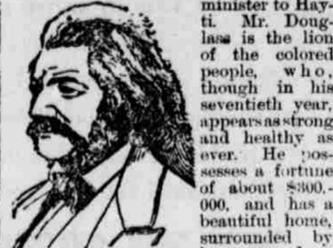

The Frugality company, which Vice President Morton is interested, employs with certain small operators about 1,200 men. The Frugality company say they cannot grant the advance, the market allowing no margin of profit. The men are only making ninety cents a day and say they are down to starvation, and illness is welcomed.

BALTIMORE, June 28.—Early this morning, William Christopher, prompted by jealousy, shot and killed Charles Legue.

MINISTER TO HAYTI.

Fred Douglass Secures That Just Now Important Mission.

WASHINGTON, June 29.—The president has appointed Frederick Douglass minister to Hayti.

Mr. Douglass is the lion of the colored people, who, though in his seventieth year, appears as strong and healthy as ever. He possesses a fortune of about \$300,000, and has a beautiful home, surrounded by large grounds on the other side of the Potomac, overlooking Washington. He has made his money chiefly by lecturing, and by a paper called The North Star, which he used to edit. He got \$100 a night lecturing, and invested his money in government bonds and real estate.

There is no pleasanter home in Washington, and his white wife is a beautiful and accomplished lady.

DESTI UTE MINERS.

Situation of Braidwood, Ill., Very Bad, but Less So Than Reported.

BRAIDWOOD, Ill., June 29.—Of all the mining towns in northern Illinois where destitution prevails Braidwood probably furnishes the largest number of extreme cases. There was a distribution of provisions by the relief committee yesterday, and it was pitiful to see the crowd of women and children waiting patiently for the doling out of a few pounds of flour or a scrap of meat. While there are many cases of destitution, yet the statement that 1,000 families in Braidwood and vicinity are suffering from want of food is a pure fabrication.

There were about 1,400 miners on the pay-roll of the Chicago, Wilmington and Vermilion Coal Company, which operates the Braidwood mines. Probably 1,000 of these were married men with families. Since the strike began several hundred of the families have reached the end of their resources, but the majority are by no means destitute. Most of the extreme cases of destitution are in the families of improvident and shiftless foreigners, who were a burden on their fellow-miners even in prosperous times. It is also true that many of those who have applied for relief are not destitute.

BETRAYED BY A FRIEND.

Wiley Mathews, the Fugitive Bald Knobber, Discovered in Arkansas.

OSARK, Mo., June 29.—Thomas Geary, formerly of this county, but now of Carroll county, Ark., arrived here yesterday and gave Sheriff Johnson information which will probably result in the arrest of Wiley Mathews, the fugitive Bald Knobber. Geary and Mathews were old friends in the Bald Knob neighborhood, and therefore Geary was greatly surprised a week ago to discover Mathews cutting ties in a pinery near Van Buren, Ark. He had a talk with him, and then, like a good friend, promptly came to this town, informed the sheriff and put in a claim for the reward.

Mathews was well armed when Geary saw him, and said he would never be taken alive. The sheriff has left for Arkansas. If Mathews is captured he will surely hang, as he is considered a greater criminal than his uncle or the two Walkers who were executed. His father, Lefferd Mathews, a Baptist minister, resides only a short distance from where Geary saw the fugitive.

A MYSTERIOUS BOX.

Dynamite Plot Discovered Before Any Damage Was Done.

NEW YORK, June 29.—A mysterious looking tin box was filled with a dirt colored substance and having a fuse attached, was discovered yesterday evening in Pythagoras hall, the late headquarters of the disrupted District Assembly 49. The box was found in the room formerly occupied by Edward Luntze, who was secretary of District Assembly 49 and a member of the faction of Master Workman James E. Quinn when the organization split.

The janitor who found the box ascribed its presence to a plot of the Quinn faction to blow up the building. An officer of the bureau of combustibles examined the contents of the box. He said he didn't know what it contained, but directed, as a measure of precaution, that it be thrown into the river. A detective accordingly carried it to the Grand street ferry, and threw it overboard.

A Mexican Enterprise.

BOSTON, June 29.—A Herald special from the City of Mexico says: The Bank of London, Mexico and America, which is a branch of the institution of the same name in London, has been reorganized, and on Monday will begin business as a purely Mexican institution, with a capital of \$1,500,000. Mexican capitalists took \$500,000 of the capital stock, and the remaining \$1,000,000 was subscribed in London. President Diaz and Minister of Finance Dubian have aided in the establishment of the reorganized bank.

Stole the Coin from a Dead Baby's Eyes.

CHATTANOOGA, Tenn., June 29.—A singular case of depravity, illustrating a common saying, was brought to light in the police court yesterday morning. Arthur Blackford, an intelligent looking colored boy, 18 years old, was arraigned on a charge of stealing two silver dollars overlying the eyes of a dead black baby. The theft was committed while Alexander Hayes, the father of the child, and others were sitting up with the dead. Blackford was held to court, and in default of \$250 bail was jailed.

Almost Completed.

Work of the Cronin Grand Jury Nearing an End.

THREE MORE INDICTMENTS.

Alexander Sullivan, Lawrence R. Buckley and John F. Beggs Are Believed to Be the Three Men Implicated—Prospects of the Prisoners.

CHICAGO, June 29.—It is given out upon eminent authority that at least three indictments have been drawn up and will soon be presented to the court by the grand jury. They are framed under the Merritt's conspiracy law, which was passed by the state legislature immediately following the execution of the Anarchists. Lawyers call it an omnibus law on account of its wide ramifications.

Under its provisions if a man be killed in California the individual who in Illinois has expressed the opinion that the victim ought to be put out of the way or removed is liable to be indicted for his murder. The man against whom it is reported that indictments will be returned are Alexander Sullivan, Lawrence R. Buckley, of the executive committee of the Clan-na-Gael, and Lawyer John F. Beggs. Sheriff Matson has already been notified to take charge of the latter. Mr. E. Ames, a young lawyer and friend of Beggs, endeavored to secure his release on a writ of habeas corpus yesterday afternoon. Judge Williamson, however, refused to listen to the application.

State's Attorney Longenecker stated that the grand jury would end its labors to-day.

A great many people believe that the state is relying solely upon the circumstantial evidence, the motive for murder, against Alexander Sullivan, and that such evidence is wholly insufficient to convince the jury of the lawyer's guilt.

"But there is something which Sullivan has said, according to witnesses," said a prominent lawyer, "that will convict him of conspiracy of murder according to the conspiracy laws of the state, and will place him in exactly the same position in which August Spies, the Anarchist, found himself. The state, as every one knows, has witnesses to prove that Alexander Sullivan made threats against the doctor, saying that Cronin ought to be removed, or that it would be better for the cause if Cronin was out of the way, and that he was a British spy, and should be dealt with accordingly, and more to the same effect. Now, it can be proved that acting on these threats some ignorant Irishman or Irishmen killed Dr. Cronin, then Alexander Sullivan is as I said, guilty of conspiracy to murder, and a jury would be so instructed by the court."

A special from Houghton, Mich., to The Tribune says that John F. Ryan, the man whose name has been mentioned in connection with the dispatch sent Martin Burke, signed F. Ryan, is an old friend of Dan Coughlin.

Edward Spellman, of Peoria, the district officer of the Clan-na-Gael, arrived from Peoria on the morning train, and was at the state's attorney's office a little after 9 o'clock. After a few minutes earnest conversation with Judge Longenecker, he hurried away and refused to talk on the subject of his conference.

Judge Longenecker seemed pleased with the result of the interview, but he would not discuss it. Mr. Spellman will probably appear before the grand jury again and explain what he knows, if anything, of the alleged order disbanded Camp 20. The line of investigation followed by the grand jury was toward uncovering the outward circle of the plot. Some thirty Clan-na-Gael men were summoned for yesterday's session, and the questions put to them were all framed with the view of finding out, if possible, who was responsible for spreading the malicious reports that Dr. Cronin was a spy. There is no doubt but that the grand jury have decided that the assassination was the result of the theory held by the camp that Cronin was a spy. Every man who made such insinuations, knowing them to be false, is an accessory to the murder under the law, and will be so considered by the grand jury.

Is Cooney in Brooklyn?

BROOKLYN, N. Y., June 29.—Police Superintendent Campbell to-day received a circular from Chief of Police Hubbard, of Chicago, asking him to look out for Patrick Cooney, who is wanted by the Chicago police in connection with Cronin's murder.

A Pinkerton detective told a United Press reporter that Cooney is understood to be in Brooklyn. He left Cincinnati on Wednesday to come here. He has a married sister living here, and it is thought he might seek refuge with her. It is also known here that New York detectives are following up the clew furnished by the report that Cooney has a sister in Brooklyn.

Funeral of Gen. Cameron.

HARRISBURG, Pa., June 29.—The funeral of Gen. Cameron will take place to-day. Last night an order was issued from the adjutant general's department directing that the department be closed on Saturday and that the flags on the several armories throughout the state be displayed at half mast. The other state departments will also be closed. A letter of condolence has been received from the president.

Crushed Under a Mass of Stone.

LANCASTER, O., June 29.—Yesterday afternoon James Connor, unmarried, aged 26, was killed by the Allegheny stone quarries of Casaris & Neel, east of the city, by a huge mass of rock falling upon him.

PENSION MONEY.

The Appropriation Insufficient for the Demand—Other Washington News.

WASHINGTON, June 29.—With reference to the estimated deficiency in the appropriation for the payment of pensions during the current fiscal year and the alleged insufficiency of the appropriation for this object for the next fiscal year, an examination of the official estimates submitted shows that the last congress originally appropriated \$80,446,300, or \$5,446,300 more than was asked for by the department for the current fiscal year. Congress at the last session also supplied all of the deficiency \$8,000,000 then said to be necessary for the current fiscal year. For the next or coming fiscal year all the money asked for was appropriated. The original appropriations for the two years, the fiscal year just closing and the one beginning on the 1st of July next, were alike in amount, \$80,446,300 for each year.

Newspaper Changes.

WASHINGTON, June 29.—The Critic company, engaged in the publication of The Evening Critic, has purchased The Sunday Capital, and the name of The Critic will be changed within a week to The Evening Capital. The Sunday Capital will be published under its present name as the Sunday morning issue of The Evening Capital. Stanley Waterloo, the Editor of The Critic, will remain to complete the consolidation, and will then return to Chicago, whence he came in February last to take temporary charge of The Critic.

Appointments.

WASHINGTON, June 29.—The president made the following appointments: John G. Watts, of Virginia, United States marshal for the western district of Virginia; James A. Connolly, of Illinois, United States attorney for the southern district of Illinois; Frank H. Hunter, notary public for the District of Columbia.

Successful Cadets.

WASHINGTON, June 29.—Cadetships at the military academy have been secured by Frank C. Gore, Gainsboro, Tenn., Fourth district; James H. Harbeson, Flemingsburg, Ky., Ninth district; Walter L. Briscoe, Marshall, Ill., Fifteenth district, and Joseph H. Hurst, Towanada, Pa., Fifteenth district.

Agents at Rosebud.

WASHINGTON, June 29.—The president has appointed Daniel M. Ramsdell, of Indiana, marshal for the district of Columbia, vice A. Wilson, resigned, and James G. Wright, of Dakota, agent at the Rosebud agency in Dakota.

A Mail Promotion.

WASHINGTON, June 29.—A. B. Maze, new assistant superintendent of mails, at the New York postoffice, will be promoted to be superintendent of mails in that office, to take effect July 1.

Captain Meredith the Man.

WASHINGTON, June 29.—The secretary of the treasury yesterday afternoon appointed Capt. William M. Meredith, of Illinois, chief of the bureau of engraving and printing.

CARRIED EVERYTHING BEFORE IT.

A Cyclone, Water Spout and Hail Storm in Minnesota.

MINNEAPOLIS, Minn., June 29.—A special from Rushford, Minn., says a combination of cyclone, water spout and hail storm passed a few miles east of there, last night, destroying everything in its path. It is believed to have gathered over the town of Wescow, Winona county, entered Money creek, Houston county, on sections 2 and 3, passed almost due south, curving slightly west through Yucatan and the east part of Norway in Fillmore county, then on through Preble till it spent its force.

A belt of two miles wide in the pathway of this storm for thirty miles in length is absolutely laid waste, the trees being as bare of leaves as in the winter. The loss is placed at \$100,000. Large trees were either torn up or twisted off. The hail pelted everything into the ground. The stones were fully as large as a man's fist. Andrew Frisco, of Yucatan, was drowned in the flood. Another drowning is reported from Houston.

Half Mile of Water.

NOBLESVILLE, Ind., June 29.—Yesterday, at 7 p. m., a peculiar looking cloud appeared three miles southeast. Of a sudden it burst and everything in its path was inundated. Its width was half a mile, and all crops over which it burst were leveled to the ground or washed out. It is impossible at present to estimate the damage done.

Cloud Burst Over Akron, Ohio.

AKRON, O., June 29.—A cloud burst occurred over this city yesterday and two inches of water fell in an hour. The collars of several business blocks were badly flooded and the damage to property is estimated at \$10,000. Sand was washed upon the railroad tracks in such large amounts as to prevent transportation altogether.

FUNERAL OF MRS. HAYES.

Last Sad Rites a Simple Yet Impressive Ceremony.

FREMONT, O., June 29.—The funeral of Mrs. Hayes was held yesterday afternoon at Spiegel Grove, the general's home. Nearly all the different business houses of the city were closed, and the day was one of general mourning. Congressman Haynes conducted the ceremonies, which were simple and impressive.

The venerable Dr. McCabe, of Delaware college, preached the funeral sermon. Many people from abroad were present, and the procession was a lengthy one. The Loyal Legion and Grand Army also took part. The remains were laid away in the family vault.
