After the Great Fight.

The Principals Both Leave New Orleans.

OPINIONS OF THE BIG BATTLE.

It Seems That Kilrain Was Not in the Proper Condition to Fight—Muldoon Does Not Want to See Any More Ring Fighting—Other Comments.

NEW ORLEANS, July 10.—Sullivan, Muldoon and Cleary are still at their old quarters on Rampart street. Sullivan and Cleary drove to Spanish Fort late yesterday afternoon, and while returning stopped at a friend's on Esplanade street, and Sullivan drank quite freely. At 9:30 yesterday evening Sullivan was presented at the gymnastic club with a horseshoe of flowers, and made a very brief speech of thanks. He reached his rooms at 9:45 very much under the influence of liquor. Four policemen stood outside to see that he did not do any damage. It is said that Sullivan and Cleary starts for New York to-day on the steamship Hudson. It is not known whether Muldoon will go with them or not.

Kilrain did not seem to be feeling the effects of his punishment much. There are queer rumors about him. After arriving at the club house Monday night he vomited a greenish substance, some of which has been kept for analysis. It is learned that for some time previous to the fight he had been taking medicine for some ailment. Dr. Dougherty, of Philadelphia, was treating him. The doctor says it was for a "boil." Some of the members of the club say that if they had known this they would never have invited Kilrain to be their guest.

Mike Donovan says he knew nothing about it previous to the fight. There seems no doubt that Mitchell knew it. Professor Robinson, trainer at the Southern Athletic club, who saw the fight, alleges that it was a hippodrome. He says Sullivan could have ended the fight any time. The men seemed to have an understanding. While all agree that Kilrain was in no condition to fight, few agree with Professor Robinson's views.

Kilrain was treated rather coolly at the club yesterday morning before he left for Galveston. Sullivan and his party left at 4:30 p. m. for home, via the Queen and Crescent route.

Marsh Redon has deposited \$100 to make a match between Lemuel McGregor, of Brooklyn, for \$1,000 to \$5,000 a side, in November, within 300 miles of New Orleans.

William Muldoon, Sullivan's trainer, said of the fight: "I think it was the greatest fight that ever took place between heavy-weights. Sullivan could have fought two hours longer if necessary. He reserved his strength by my advice. I consider Kilrain the best heavy-weight fighter living, next to Sullivan. He is game and determined, and had he fought on his own judgment and not on the cowardly and tricky advice of the men behind him, he would have won admiration. Sullivan was not a bit tired nor injured. I have always wanted to prove to the public that he is a natural born fighter, and could fight a long and scientific battle if properly handled. Now that I have done that, I am through with ring fights. I think boxing a grand exercise, but ring fighting is too brutal, and I want to see no more of it."

In an interview last night Charles Mitchell said: "I made the mistake of overrating Kilrain. In his fight with Jim Smith he did some good work and I thought he would improve it, but he did not, and that is all there is about it. Donovan threw up the sponge to save him further punishment. He had no chance of besting Sullivan. Kilrain is a plucky and game fighter but he was outclassed."

Desperate Shooting.
ANNISTON, Ala., July 10.—Capt. Stallings, of the police force yesterday shot and killed William Pelham. The two men had some dispute on Saturday last which ended by Pelham being badly beaten by Stallings. Yesterday they met on the street and Pelham fired two shots at Stallings, who then drew his revolver and shot Pelham dead.

Bathing Master Drowned.
LONG BRANCH, N. J., July 10.—William Kirby, one of the assistant bathing masters here, was drowned yesterday afternoon while attempting to save the life of William Hirsch, of New York, who had got beyond his depth while bathing. Kirby's body has not been recovered. Hirsch was brought ashore in an exhausted condition.

Charged With Swindling.
SARATOGA, N. Y., July 10.—Charles E. Whitney, representing himself as president of the Commercial Travelers' association, has been arrested, charged with swindling a physician, by pretending to employ him as medical adviser to the association, and requiring him to pay for notices sent to the members.

A Valuable Franchise.
NEW HAVEN, CONN., July 10.—The Derby railroad, between this city and Ansonia and Hawleyville, has been leased for ninety-nine years to the Housatonic railroad, giving the latter an entrance to this city and connection with New York by the Star-in line of steamers.

Relief for Johnstown.
PHILADELPHIA, July 10.—A car load of canned fruits and wines donated to the Johnstown sufferers by the citizens of Los Angeles, Cal., was sold at auction here yesterday and \$1,212 realized. The money will be turned over to the Johnstown relief committee.

A CABLE COMBINE.

The Mackay-Bennett and French Companies Amalgamate.

HALIFAX, N. S., July 10.—The management and operation of the French cables from Sydney to St. Pierre, and thence to France, has been taken over by the Mackay-Bennett company. George C. Ward, the Mackay-Bennett New York manager, is now in Nova Scotia superintending the amalgamation.

The French company's land lines from Louisburg, where the cable landed, to Sydney, have been dismantled, and the cable steamer Ponnyer-Querties has laid a new cable from the main stand at Louisburg to Fox island, Canso. From Fox island to Hazelhill, Canso, the cable station of the Mackay-Bennett line, the distance is four miles. The Mackay-Bennett offices and the landing place of the French cable are connected with "a French cable"—that is, a cable buried in a trench four feet deep or under water.

The Mackay-Bennett and French companies have entered into an amalgamation which will be a rival in the cable pool. They have, it is said, formed connections with the Canada Pacific telegraph system and in a few weeks the Canada Pacific land lines will have completed connection with the cables at Canso. In order to have another independent connection with the United States a new cable is to be immediately laid between Canso and Boston.

MEMPH & COTTON TRADE.

Board of Trade Committee Claims That Railways Discriminate Against the City.

MEMPHIS, Tenn., July 10.—Great dissatisfaction has arisen among the cotton men of Memphis on account of the establishment of compresses at various points in the interior, which draw away cotton that would otherwise have come here. The railroads, and more particularly the Chesapeake and Ohio, have been charged with the responsibility for this state of affairs because they have made rates to the east from these interior presses as low or lower than those made from Memphis.

Formal expression was given to this discontent Monday afternoon, when the "trade committee" of the Cotton Exchange petitioned the legislative municipal council of Memphis to curtail the privileges granted the Chesapeake and Ohio road within the city limits. As cotton is the backbone of Memphis trade, it is not unlikely that the council will bring whatever pressure it can to bear on the railroad. A lively fight is expected.

Liquor Legislation.

PROVIDENCE, R. I., July 10.—The general assembly was convened in special session yesterday to enact a law to regulate the liquor traffic. A special committee was created to report July 16 on a liquor law. In the house a license law was introduced including among its provisions local option, with the license to manufacture or sell fixed at not less than \$1,000; the retail license at not less than \$200, and a general increase of \$50 in the former licenses. The assembly adjourned to July 16. A motion to hold the adjourned session at Newport was defeated.

Probably Gone to Canada.

BOSTON, July 10.—A special to The Journal from Cole Brook, N. H., says that Elmon H. Williams, formerly a successful business man of that place, has left town, and his business is in an unsatisfactory shape. From \$75,000 to \$80,000 is said to be out, with alleged fraudulent endorsements on some of it. It is also alleged that the burning of the records at Lancaster, N. H., gave him an opportunity to place second mortgages. His transactions were principally with banks in Maine, New Hampshire and Vermont.

More Signers to the Scale.

PITTSBURG, July 10.—Four more iron firms have signed the Amalgamated wage scale. Oliver Brothers & Phillips, three iron mills and one steel plant, employing over 3,000 men; J. Painter & Sons, Moorhead Brothers & Company, and Union Rolling Mill company, of Cleveland, O. The mill committee of the steel department of the United States Tin Plates works were in conference with the firm yesterday. The latter will probably sign the scale to-morrow.

Thought it was an Earthquake.

TARRYTOWN, N. Y., July 10.—The buildings of this town were violently shaken yesterday, as were also the buildings in the adjacent villages, by a terrific explosion. The shock resembled an earthquake. The disturbance was caused by the blowing up of the Rand Drill company's powder house. No one was injured, and but little or no damage was done to property.

Fears of a Lynching.

SPRINGFIELD, Mo., July 10.—William Miles, who killed Sheriff Bronson, of Taney county, and Deputy Funk, on July 4, surrendered to the sheriff of Green county yesterday, at Springfield. He is to be tried Monday for the killing of Capt. Nat. Kinney, the Bald Knobber leader. Great excitement prevails in Taney county, and it is feared that Miles will be lynched.

Murdered for Insurance Money.

WILKESBARRE, Pa., July 10.—Startling revelations are being made in the insurance murder cases at Pittston. The bodies of Mr. and Mrs. McGlynn were exhumed yesterday, and a chemist has found arsenic in the stomach of the woman. The other body has not been examined. Edward McGlynn, son of the murdered people, and his wife are still in jail.

PITTSBURG, July 10.—One hundred men, some skilled and unskilled, will be taken up to Carnegie's homestead mill early in the morning to take the place of the strikers. As the strikers are in very bad humor trouble is feared.

Relief of Johnstown.

Report of the Pennsylvania Relief Commission.

COST OF OPENING THE RIVER.

Where the Money that Has Been Paid for the Relief of the Sufferers Has Gone to—The Amount Still Unpaid—A Disbursement.

CRESSON SPRINGS, Pa., July 10.—Governor Beaver's state relief commission met here yesterday afternoon. The state officers at Johnstown and the Johnstown finance committee were in attendance. The wreck at Wilmerding station, on the Pennsylvania railway, and the refusal of the conductor of the limited to carry the state officers occasioned annoying delay. Quartermaster Hill presented his report of disbursements for relief of sufferers as follows: Commissary department, \$29,397.98. Bureau of inspection, \$637.86. Adjutant general's office, \$263. Medical department, \$1,038.67. Department public safety, \$6,166.80. Quartermaster general's department, \$3,633.23. Department of valuable, \$537.30. Total disbursements for reopening Conemaugh river and highways, \$172,269.33. Bills yet due on account of works, \$10,137.70. The money for cleaning rivers and highways was paid out of the state fund. The money for relief of sufferers was paid from the government's fund. Since June 12, Contractors Ridge gets \$9,148.46; McKnight, \$33,792.73 for state work and \$8,119.76 for relief work. An account of \$7,820.56 is still unpaid. McKnight and the state time keepers disagreeing on the statement. McLain & Company, of Philadelphia, receives \$34,607.10.

FLOOD DAMAGES.

New York Visited by a Heavy Rain Down-fall.

ALBANY, N. Y., July 10.—A special from Johnstown, N. Y., reports that a heavy rain has been falling since early yesterday afternoon. The downpour caused the Cayudalta creek to become a raging torrent, which soon burst its bounds. The dams gave way, being unable to stand the enormous pressure. On swept the torrent, taking with it the several skin factories along its banks, valued at many hundreds of dollars. A number of buildings and outhouses were also swept away.

The Fonda, Johnstown and Gloversville railway loses some seven or eight bridges. There was another bridge crossing the creek, and on it viewing the flood were some thirty or forty people. The torrent with increased power tore the bridge from its foundations, hurling them into the seething flood beneath. At this writing it is impossible to ascertain the number saved, but it is believed that many of them perished.

At Fonda, the Central Hudson railway bridge was carried away almost bodily, taking with it the telegraph wires so that it is almost impossible to hold communication between Fonda and the surrounding towns.

The electric light works, situated a short distance from Johnstown are flooded and the town is without light. Information received here from Fonda is to the effect that the water is some three feet deep in the streets. Rain is still falling.

TRUE LIGHT BAPTISTS.

A New Religious Sect Makes Its Appearance in South Carolina.

COLUMBIA, S. C., July 10.—The Southern Christian Advocate describes a new religious sect which has appeared in Sumter and adjoining counties in the eastern part of the state. It was founded some years ago by a former Methodist named Boyle, his followers calling themselves "True Light Baptists." They are, however, now known as Boyleites. Their ranks are recruited from among the most ignorant classes. They are not very numerous.

It is hard to tell just what their belief is, but some of its features are that there must be no paid ministry, but all members who feel called on to preach do so voluntarily, including women. They believe that they alone are God's true followers, and that they alone will be saved. They reject the Old Testament, and such parts of the New Testament as fails to support their doctrines. They do not observe the Sabbath, declaring that it was abrogated along with the Levitical law. They believe in social equality of the races, in immersion, and in the damnation of infants of non-Boyleite parents.

Managers of the Soldiers Homes.

BOSTON, July 10.—A quarterly meeting of the managers of the National home for disabled soldiers, was held here yesterday. Leonard A. Harris, of Cincinnati, presided, in the absence of Gen. Franklin. Only routine business was transacted. After the meeting the board went to Gardiner, Me., to inspect the eastern branch of the soldiers home. The party consisted of ex-Governor Martin, of Kansas; Col. John L. Mitchell, of Milwaukee; Gen. John C. Black, of Illinois; ex-Governor Hartman, of Pennsylvania; ex-Senator Sewell, of New Jersey; Gen. Martin T. McMahon, of New York; Gen. T. W. Hyde, of Bath, Me., and Maj. J. B. Birmingham.

STRUCK BY THE BOOM.

A Woman Knocked From a Vessel and Drowned at Galveston.

GALVESTON, Tex., July 10.—Tuesday an accident occurred in the channel between Kuhn's and the government wharves by which Mrs. Amelia Bishoff lost her life. The small sloop Philosophy, under command of Capt. H. Walkan, rounded out of the slip between Kuhn's and Central wharves. Sitting on the cabin were Mr. and Mrs. Bishoff, who resided in Bolivar, about fifteen miles from here. While hoisting the mainsail the wind caught it, sweeping the boom across the deck of the vessel. Mrs. Bishoff was struck by the boom and knocked overboard. The captain and husband both did nothing toward rescuing the woman.

There were perhaps forty or fifty persons standing on the wharf to see the finish of the yacht race at the time the accident occurred, and yet somehow no well directed efforts were made to save the woman until Philip McDonald jumped overboard from the lighter Besse and swam out, only to see the woman sink just before he reached her. Late yesterday evening the body was recovered and an inquest was held. The Philosophy is the same vessel in which old man Phillips was so mysteriously murdered two or more years ago.

BROODED OVER HIS TROUBLES.

A Triple Tragedy Takes Place Between Colored People of Pittsburg.

PITTSBURG, July 10.—The triple tragedy that occurred at 2 o'clock yesterday afternoon at No. 5 Arthur street, occasioned much excitement in that quarter of the city. Richard Lewis, the murderer and suicide, was a plasterer by trade and boarded with Mrs. Mosby, a young widow, with two children, and her sister, Miss Emeline Meyers. As Lewis entered the house he remarked upon the heat and passed through to his own apartment in the back part of the house. He then called to Mrs. Mosby, who responded at once. Just as she reached Lewis' room he shot her through the heart, killing her instantly.

Miss Meyers ran to the room and was shot by Lewis just as she reached the door. The shot passed through the woman's body, inflicting fatal injuries. The murderer then sent a bullet through his head and fell dead in his tracks. All the parties are colored. Lewis has frequently insisted upon Mrs. Mosby marrying him. Sunday evening Lewis pled his suit with Mrs. Mosby more vehemently than ever. Mrs. Mosby ordered him to stop and not renew the subject. This resulted in a quarrel and since then Lewis has been brooding over his troubles.
