Mrs. Jerome's Letter About Funds Hits Up State Officials in Charge.

Business begins to look up in Johnstown. The temporary stores set in the public square were awarded by lot yesterday. Mrs. Jerome's letter about Chicago funds has stirred up the State officers in charge. The work of distributing the \$150,000 in the hands of the local committee is well under way.

FROM A STAFF CORRESPONDENT.

JOHNSTOWN, July 5.—A well-known Philadelphia firm, manufacturers of oil cloth, to-day telegraphed their customers here that they had canceled all their indebtedness, and would send an agent to stock them up again. This is one of the offers of assistance that are appreciated by the merchants. Dr. F. H. Schmitt, who has been in the town by the score. One commercial agent came in to-day with 21 trunks filled with boots and shoes. Every line of trade has been represented, and the merchants are having no trouble in purchasing on long time and good terms. There will soon be nearly 100 new business stands opened here. The stores erected by Contractor Hughes on the public square were awarded by lot yesterday.

NEARLY A MILLION DOLLARS.

Said to Have Been Spent by the State Commission, but No Cash Distributed.

NEW YORK, July 5.—Some days ago Mayor Grant sent a letter to Governor Bevier relative to the distribution of the Johnstown relief fund, and asking for such information as would guide the Mayor in the disposition of the balance in this city. To-day the Mayor received the following letter: STATE CAPITOL, HARRISBURG, PA., July 3. To Hon. Hugh J. Grant, Mayor: We have expended nearly \$1,000,000 for the relief of the Johnstown sufferers, in food, clothing, shelter and furniture. We have made no distribution of the fund for the reason that the people have not and cannot yet furnish a complete schedule of their needs. The situation of the business men who are embarrassed through their losses is such that it is impossible to give prompt and intelligent relief. The wishes of your committee are being carefully observed. We will soon know how much money we will have in our hands, and will specifically suggest that your committee indicate what amount will be placed at our disposal and when. People of our locality have had experience in the past in the distribution of money where the people could furnish an account and data to govern the distribution. G. W. SCHMIDT, 95 and 97 Fifth Ave.

ADJUSTED GENERAL BUSINESS CRITICISM.

General's Letter to the Dispatch.

JOHNSTOWN, July 5.—The letter written by Dr. F. H. Schmitt, of the Pennsylvania Yellow Cross Society, to Dr. Fanny Dickison, of Chicago, in regard to the distribution of funds, has stirred up the State officers here who have been in charge. They grow very wrathful in speaking of the lady, and say she does not represent anyone but herself. In talking of the matter to-night Adjutant General Hastings said: "Mrs. Jerome does not represent anyone but herself in the matter, and had no right to talk the way she has done. She is not the public in the letter does not reflect the sentiment of the people of this valley. She has no authority as far as anyone else is concerned. I do not wish to say anything disrespectful about her, but her letter is calculated to prevent the flow of money to the sufferers."

THE PEOPLE WERE SURELY WARNED.

Positive Evidence That Many Lives Could Have Been Saved.

JOHNSTOWN, July 5.—The Johnstown Democrat issued its first paper since the flood to-day, and its plucky editor, S. D. Woodruff, who was badly washed out by the flood, says that he expects to stay on top now "until an avalanche of cyclone comes along." In addition to a complete list of the dead to this date the paper contains interesting information relating to the flood. Regarding the mooted question whether warning had been given of the reservoir breaking this statement is made: Shortly after noon the following dispatch was received at the Pennsylvania Railroad tower, and was telegraphed to every communication by way of Lincoln bridge having been cut off: "Reports from Conemaugh Falls, South Fork, at 12:30 say the water is running over, and the dam may give way at any moment. Notify the people of Johnstown at once to be prepared for the worst." This was agreed upon, but no reports of the dam breaking were always current when we had been warned of such a possibility, and not easily alarmed. At any rate, it was the expectation of those who made an effort to warn the people that the dam was treated with indifference. A second dispatch was received at 2:14, which said that the dam was breaking and the warning was circulated on a few of the streets, but the people were to blame for not taking the opportunity to get out. As to the part that stone bridge played in the disaster, arguments are presented to show that the bridge was instrumental in saving at least 8,000 lives.
