The Cleaning of the Streets Making Excellent Progress.

The State Board of Health met at Johnstowa yesterday and commended the work done by Dr. Lee and his assistants, and directed its continuance during the summer. Washington street has been cleaned up. The greatest excitement of the day was caused by the arrest of Corporal Jones by a civil officer.

TERON A STAFF CORRESPONDENT. JOHNSTOWN, July 10.-The annual meeting of the State Board of Health was held here to-day. After re-electing Dr. David Engelman, of Easton, as President, the board devoted the rest of the session to considering the sanitary condition of the Conemaugh Valley. Drs. Lee and Graff, who have been the agents of the board, submitted a detailed report of the work that has been done here under their direction. In this report the physicians explained how they had divided the valley into districts an hour for others to put in an appearance and placed a medical inspector and a foreand placed a medical inspector and a forehe departed much disgusted.

A rumor was circulated about the town man in charge of each district. It told how they had established posts for the distribution of disinfectants, and how all garbage and putrifying and drying vegetable and animal matter had been removed. It was only by the hardest kind of work that they had kept the valley in a healthful condition. The work of cleaning cellars, the report says, has been most difficult, but it is now well under way. Those that are still in a bad sanitary condition will in a few days be thoroughly disinfected. People are advised to whitewash their cellars, and they carry out the instructions of the board to the letter. The medical inspectors have completed a sanitary medical survey which shows the condition between Nineveh and South Fork of every family as to overcrowding, sickness and sanitary condition of cellars. The greatest number of employes the board has had at any one time has been 285 men. The force now at work num-

bers 153. The report was approved by the board and the two physicians highly commended for their work. THE WORK TO GO ON. A committee, consisting of President Eugelman, Secretary Lee, Dr. Howard, Dr. Murphy and Dr. J. F. Edwards, was ap-pointed to keep a vigilant watch over the sanitary condition of the Conemand and Juniata valleys and the Lockhaven and Williamsport districts. Drs. Lee and Graff were authorized to remain here for another month at least and, if necessary, they were directed to stay until fall. When the business of the meeting had been completed Dr. Lee took the members of the board on a trip through the valley in carriages. They were out all the afternoon. Upon their return Dr. Edwards, of Philadelphia, said to your correspondent: "We have learned from our trip this afternoon that all the rumors of sickness alleged to be due to the flood that There is not a single case of sickness that can be attributed to the flood. This price is to be deducted from the sum to be given each person, and as a reputable congiven each person, and as a reputable congiven each person, and as a reputable congiven each person are supply four-roomed we consider as remarkable, and it speaks volumes for the work of Dr. Lee and the Red Cross Society. Dr. Lee's whole system of work is perfectly satisfactory to the board, and all his ar-rangements for the continuance of the work are perfect. That there has not been an epidemic here is due to the excellent work of Dr. Lee and the Red Cross Society. The condition of the valley, however, is still

exercise great personal care and cleanliness both of their persons and premises." PRAISE FOR THE RED CROSS. Dr. Edwards said the board had inspected the hospital of the Red Cross Society, and was very much pleased with its manage-ment. He and other members of the board said the Red Cross Society could not be given too much credit for its work here. Dr. Edwards said the members had visited been decently buried. The graves of the unknown dead were in just as good condition as those of the persons who had been identified. He said there was not the slightest foundation for the statements that bodies had been unearthed by dogs and

such that it will require constant watching,

If the people will co-operate with the Board of Health there need be no fear of an epi-

Dr. Lee took the members on another trip up the valley this evening. They returned int time to have a consultation with Chief Engineer Hamilton. The members all left for home on the 10:30 train.

JUSTICE IN JOHNSTOWN.

A Corporal of the Fourteenth Arrested b a Tin Tag Officer and Fined. [FROM A STAFF CORRESPONDENT.]

JOHNSTOWN, July 10 .- Trouble has again broken out between the "tin tag" police and the members of the Fourteenth Regiment. The latter have borne the insults heaped upon them by the tough-looking "bobbies" until they have become almost unbearable. If the militiamen get away without being mixed up in a good-sized riot with the policemen it will be due to the vigilance of their officers. This afternoon two of the Pittsburg boys were catch-ing ball within the lines of their camp, and 15 feet from the edge of the nearest street. One of the bob-bles, clothed with the power of the law and a superabundance of commissary clothes ordered them to quit. The Corporal of Company I made a reply to the effect that they were on their own ground and doing no harm. Without another word the alleged officer struck the man over the head with his short baseball bat. A large crowd gathered, and had it not been for the coolness of the corporal the officer would have been mobbed.

The policeman then arrested him, and at the hearing he was fined \$6 15. Colonel Perchment, commander of the regiment, appeared as the corporal's attorney, but was promptly told that attorneys were not reognized in that court. This is a sample of the justice the National Guard is getting for its efficient service in protecting the prop-erty of the citizens of this place. The corporal arrested was named Jones.

A TROUBLESOME QUESTION. Who Will Pay for Damages to the Millville

Public School House. SEPECIAL TELEGRAM TO THE DISPATCH. JOHNSTOWN, July 10 .- The members o the First ward, Millville, school board called upon Engineer Hamilton this afternoon and asked him what the State intended to do in regard to the school building. The latter has been used as a morgue for the past three weeks and is in a wrecked con-dition. All the chairs and desks were removed, the windows smashed and the refuse from the bodies washed into the basement. The building was also damaged by the heavy charges of dynamite exploded on the drift. It will take about \$3,500 to put it in proper shape for occupancy on September 1. Captain Hamilton will begin to clean it out at once, but who will pay for the damage sustained by the building is a question that will cause trouble.

PROGRESS OF WORK.

The Transformation of Washington Street Where Many Bodies Were Found-A Kick, and the

Cause for It. ISPECIAL TELEGRAM TO THE DISPATCE. JOHNSTOWN, July 10 .- Even after one day's absence from the town one can notice the rapid change the borough is undergoing. the rapid change the borough is undergoing.

If a person is here from day to day he cannot notice much change going on, but let him go away for a day or two, and upon his return he can see what a wonderful transformation is taking place. This morning the last of the great mass of debris which was piled in front of the Cambria Iron Company's general offices was carted away, and Washington street is now clear from one end to the other. This is the street where a great many bodies were found unone end to the other. This is the street where a great many bodies were found underneath the dirt upon which people had been walking for weeks. Formerly people had to walk down a small hill to the door of the Western Union Telegraph office. Today they had to ascend half a dozen steps to get there. This is but a sample of what is being done. The chief engineer, Captain Hamilton, stated to-day that he was now doing the work with two men and a cart

ing the work with two men and a cart that it had formerly required four men with an ordinary wagon to accomplish. The work has been so systematized that they are carrying away a cart load of dirt in the same time that it took to remove a wheelbarrow load.

An effort was made by a number of kickers who have been fired out of the Cambria City Commissary to hold a meet-Cambria City Commissary to hold a meeting to-night to devise ways and means for
the purpose of putting the citizens of the
borough in charge of the supply station. A
call was issued this morning for the meeting to be held in the Council chamber at 7
o'clock and the names of prominent people forged on the notices. Only one man
responded to the call, and after waiting half
an hour for others to put in an appearance

that the officers in charge of the commissary were not treating the people right in the matter of giving supplies. The real cause of the trouble, as stated by some of the people who refused to sign their names to the call and would not go near the meeting, the call and would not go near the meeting, was that eight of the residents who had been employed in the department had been discharged for stealing. Some of them were employes of the Cambria Iron Company and refused to go to work in the mill, preferring an easy position in the commissary. When they came to work in the morning they threw off their hats and coats. After working a short time it is charged they would pick up a new hat and coat, and, putting them on, would make an excuse to go out, and would then take the new clothes home and come back for another supply. When discharged they threatened to take charge of the department by force, but were scared off.

MONEY FOR LETTER CARRIERS.

Omaha Postal Hustlers Send the First Contribution to Johnstown Brethren. Johnstown, July 10.—The letter carriers of Johnstown to-day received their first contribution of money sent them by any of their fellow carriers among the thousands of them in the country. A letter was received from the carriers in Omaha, Neb., with \$50 enclosed, for which the boys are very thankful. There are ten carriers here, and they lost their uniforms and personal property. Some of them suffered the loss of members of their families, and were left in a very bad condition. Each man is going to write a sketch of his personal experience in the flood while delivering mail matter, and will mail it to his Omaha brethren as a memento. Johnstown, July 10.-The letter car-

Save Your Hair

BY a timely use of Ayer's Hair Vigor. D This preparation has no equal as a dressing. It keeps the scalp clean, cool, and healthy, and preserves the color, fullness, and beauty of the hair.

"I was rapidly becoming bald and gray; but after using two or three bottles of Ayer's Hair Vigor my hair grew thick and glossy and the original color was restored."—Melvin Aldrich, Canaan Centre, N. H.

"Some time ago I lost all my hair in consequence of measles. After due waiting, no new growth appeared. I then used Ayer's Hair Vigor and my hair grew

Thick and Strong.

It has apparently come to stay. The Vigor is evidently a great aid to nature."

—J. B. Williams, Floresville, Texas. "I have used Ayer's Hair Vigor for the past four or five years and find it a most satisfactory dressing for the hair. It is all I could desire, being harmless, causing the hair to retain its natural color, and requiring but a small quantity to render the hair easy to arrange."—Mrs. M. A. Bailey, 9 Charles street, Haverhill, Mass.

"I have been using Ayer's Hair Vigor for several years, and believe that it has caused my hair to retain its natural color."—Mrs. H. J. King, Dealer in Dry Goods, &c., Bishopville, Md.

The usual dull months of July and August are here. We're going to turn these into busy ones. Beginning with to-morrow, two gold, silver or paper dollars will do the work of three dollars in the purchase of reliable goods. We have, as a matter of course, despite our enormous business, actually more goods in our store Now than any other dealers of this city have had AT ANY TIME during the season and our objective point is to sell what we have during July and August. The plan laid out has been called "Wisdom's losses.' You are to take our merchandise and we your money. You wouldn't exchange unless we made it an object.

That we'll do by cutting off dollars. You'll get bargains impossible to obtain elsewhere and we'll make dollars by the use of your money-a fair exchange you'll

as many things which are really needful, whether you stay in town during the heated term or go to the country, the seashore, the mountains or the lakes. We played havoc with the prices and nowhere in the whole of this country will you find such grand goods at the figures we name.

In this announcement we haven't quoted a single price. We've

endeavored to talk plainly to you, spoken in a reassuring, sensible man-

Ladies'. Misses' and Children's Low Cut and Outing Shoes, as well

ner, have told you the why and wherefore of this sale and ask you to believe (and act up to your belief) that we never allow any of our would-be competitors to undersell us.
