

S. S. MARVIN TALKS. His Visit to Johnstown, and What He Saw and Heard. STORES OPEN THIS WEEK.

The Gautier Steel Workers Will Make Steel By Saturday. \$1,000,000 ALREADY CIRCULATING. A Local Ladies' Relief Committee Organized and at Work.

CITIZENS SHAKE OFF THEIR APATHY. Mr. S. S. Marvin was seen last night at his Shady-side residence and talked very freely in reference to his recent visit to Johnstown, and he gives a color de rose account of the progress of affairs at the ruined city, and one that will fall very pleasantly upon the public and the countless contributors to the relief of the Johnstown people.

NOT THE SLIGHTEST HITCH. "No, sir! Emphatically, there is no hitch in the financial arrangements or elsewhere, and everything is moving along smoothly. After the transaction of the routine business I moved around freely in Johnstown, and I must confess both astonishment and delight at what I heard and saw. I had a long conversation with Mr. McMillan, President of the Johnstown National Bank, which concern is now well upon its feet again. Mr. McMillan tells me that since the commencement of the payments by Judge Cummins of the amounts laid out under the plan of relief, the bank has increased one-third. This is a healthy indication, showing unquestionably that the people who have been paid are husbanding all their resources, and are disposed to be careful of their available funds.

"The amount in circulation? Well, Mr. McMillan states that the Cambria Iron Company and the Johnstown Steel Company have paid out since the calamity over \$300,000, including the payrolls previous to the flood; the Johnstown committee has distributed in its own way \$160,000; the Red Cross Society and other directly expended amounts well the total to at least \$500,000. IT STIRS THINGS UP.

"Judge Cummins will pay out at least \$500,000 more, making a grand total of \$1,000,000 now in circulation in the city. Money is now plenty, and business in the city has received a decided impetus. Mr. McMillan states that all the stores in Johnstown will be again open by the end of the week. "The Gautier Steel Works, although in temporary quarters, will make steel this week, and the laboring element of the citizens is now fairly on its feet. Judge Cummins told me that out of 710 families that had 98 men signed their names, only two not signing their mark. He also said that not one of those 100 men smelt of liquor.

"Miss Clara Barton, of the Red Cross Society, is certainly a wonderful woman. She has accomplished in a matter of a few days in getting the ladies of Johnstown organized into a relief committee, of which Mrs. Tuttle is Chairman. The ladies seemed very ready to influence, for they have suffered so severely by death or losses that the apathy of despair was very hard to penetrate. But they are now aroused, and are being earnest and very effective.

THEY KNOW THE FIELD. So much better than anyone else possibly could. The commission has an immense amount of furniture and household supplies in stock at Johnstown, and the local Ladies' Relief Committee has been given notice of the whole in the matter of supplies. The whole town is once more upon its feet, and it is certainly a matter for congratulation. "There has not been a hitch of any kind between the members of the various relief committees, and the wisdom of conservative management of the relief funds has become so clearly apparent that there is no more complaining heard in any quarter. Another indication of the approach of self-reliance of the people is in the matter of bread. At one time we were sending from 20,000 to 30,000 pounds of bread daily to Johnstown. To-day we sent 1,000 pounds and to-night I received a telegram stating that to-morrow [to-day], for the first time since the flood, no bread would be required, but to send 1,000 pounds on Wednesday. This indicates in thousands of dollars per day, no more considered simple as the side supply. In response to telegrams several expert bakers have been sent to Johnstown within the past two days, and I expect that before the week is over bread will have an ample supply of bread furnished by home bakers.

RIGHT SIDE UP. "In every other respect there is as much progress to be expected, and the city of Johnstown is as nearly as possible once more upon its feet. This great relief is due to the careful and far-seeing management of affairs, and it must be said to reflect credit upon the Pittsburg Committee and community, which has certainly borne the brunt of the work from first to last. "Mr. Kremer, Secretary of the Governor's Commission, has been an invaluable man in his position. The story of how he came to be chosen may be of interest. "In the early days of the relief work, when it came to be understood that the matter must be placed on a permanent basis, it was considered essential to secure someone who could take upon himself the entire task of the adjustment of losses. An appeal was made to the Pittsburg Board of Underwriters, who unanimously and strongly recommended J. B. Kremer, of Carnegie, general agent of the London, Liverpool and Globe Insurance Company of England. He was stated to be incomparably expert at adjustment of losses, and it was agreed that no one in the State was better qualified. "At the subsequent first meeting between the Pittsburg committee and Governor Kremer's commission it was agreed that the Governor should choose his own secretary.

REAL SELF-SACRIFICE. "It nevertheless took the liberty of bringing Mr. Kremer's name to Governor Beaver's attention, and he sent for Mr. Kremer to meet him at Harrisburg, after making marching inquiries. Mr. Kremer met the Governor and was desired by him to accept the position, but he replied in some astonishment that it was a serious responsibility to accept such an onerous responsibility at the expense of his duty to his insurance company. The Governor insisted, and Mr. Kremer went to New York and called to London, and after some delay received an answer releasing him cheerfully for as long

TO ARRANGE WAGES. The Committees of the Glass Manufacturers and Workers to Meet. A LARGE ORDER FOR LOCOMOTIVES.

The Striking Illinois Miners Send Men Here to Ask for Aid. THREE MORE FIRMS SIGN THE SCALE. The Wage Committees of the window glass manufacturers and the workmen's associations were to have held a joint meeting at the Monongahela House to-day. Owing to the absence of Secretary Loeffler and several of the manufacturers' committee, who are now in the East, it is not likely that the meeting will be held until Thursday or Friday.

There is considerable speculation among the manufacturers as to what date will be agreed upon to start up. When the factories shut down it was understood that they would resume September 1, but the workers' associations are trying to get the owners to begin until one month later. An effort will probably be made by the employees' committee to carry their point, but it is not at all likely that they will succeed.

NO CHANCES TAKEN ON TANKS. Chambers & McKee's Jeanette tank factory will resume September 1, and other manufacturers argue that they cannot afford to allow this firm to flood the market with glass while they are trying to get their own tanks to start up on the same date as their competitors.

It is also stated that some of the manufacturers have instructed their representatives on the Wage Committee to insist upon a reduction of wages in some of the branches. One of the reductions to be asked for is in the cutting department. The cut they claim, secure as much wages as the single strength blowers, and they do not do the work. The blowers make on an average of \$6 per day for the fire, and their work is much harder than the cutters. It is very improbable that the Wage Committee will consent to the reduction.

THE SCALE OF WORKERS' WAGES WAS PREPARED by the convention and will be presented to the conference by President Campbell. The manufacturers will also present their scale, and A DEBATE WILL THEN ENSUE. The yearly meeting generally results in a compromise. At the workers' convention probably attended a meeting of cut steel mill manufacturers to be held at Cleveland to-morrow. At the meeting the question of doing away with the present card prices of nails will be discussed, and the sentiment is so greatly in favor of adopting a new basis, that it will probably be done.

On the 24th of June, the price of each size of nails will be based according to the cost. For the past six months the market has been demoralized owing to the action of some of the manufacturers who cut the price of nails and sold them at a loss. It has also been suggested that the cut steel mill be changed in size to bring it more into uniformity with the other mills in the industry. By the change in the card basis prices will be advanced 10 to 20 cents.

SOLICITING AID FOR MINERS. The Illinois Mine Send a Committee Here to Ask for Funds. A committee of two, composed of Mr. Rennie, of West Elizabeth, and Mr. Yemm, of Bradwood, Illinois, coal miners, were in the city yesterday soliciting funds for the relief of the distressed among the striking coal miners of Illinois and Indiana. They reported that they were meeting with very fair success, and would send several hundred dollars to the men on strike.

Circulars have been received in this city from the Committee of Federal Laborers, asking for assistance to be extended to the strikers. Their condition is said to be bordering on starvation. There are over 9,000 of them out, and they have been idle since May 1. The men struck against a retention of wages, when the latter were averaging less than \$25 per month.

A GENERAL LABOR MEETING. To be Held August 5 to Try and Adjust the Harris District. A meeting of the Executive Board of D. A. No. 3, Knights of Labor, and the committee appointed at the last convention to investigate the Marvin strike, was held last night in Labor Hall. After considerable routine business had been transacted, a resolution was adopted calling a general meeting of all the organizations in the city, to be held on August 8, to devise ways and means to adjust the difficulty existing between Mr. Marvin and his former employees. All the different labor organizations in the city are requested to sign the call for the meeting.

A BIG LOCOMOTIVE ORDER. Twenty-Five New Eight-Wheelers to be Made in Allegheny. The Baltimore and Ohio Railroad Company have just placed an order with the Pittsburg Locomotive Company, of Allegheny City, for 25 of the latest improved locomotives. The engines will be eight-wheelers and will be used on the Trans-Ohio division. The company is now at work on the order and will turn out the engines as soon as possible. Each locomotive will cost \$7,000, and the total order will amount to \$175,000. This will make about 100 locomotives the company has turned out for this road.

THE ZEAL UNABATED. Another Bill Meeting at the Franklin Street School House. AN INCREASE IN THE REVENUE. A Proposition to Kill Flemon Rather Than Surrender Him to South Carolina.

Mr. Marshall did not express much hope that either the General Government or the Supreme Court would interfere. All attempts to catch Governor Beaver on the point by a telegram were futile, as he had gone touring among the camps of the N. G. P., on inspection bent, but those interested finally succeeded in locating him. The colored people again filed the house last night, Mr. Isaac Washington in the chair, Morris K. Holland secretary.

The first thing attended to was finance. Treasurer D. Washington reported previous collections, \$76.99, and \$78.32 paid out to attorneys and for printing. Reports of collecting committees are called for. Rev. J. H. McMillen reported that he had a number of people to contribute, and had MET SOME GOOD MEN and some singers, which latter term caused laughter. Mr. Pryor concluded by reporting and handing over \$27.34 as a member of the committee. This was followed by the report of the treasurer dumping in \$50.17 more. Mr. Edward Lee walked up with \$19.70 more. Morris K. Fleming followed with \$20.00. Treasurer D. Washington, in the capacity of collector, planked down \$13.50. Mr. James F. Smith, who threw quite a fistful of money in at the previous meeting, came down with the dust again to the extent of a \$30 collection, and he was greeted with cheer by the committee. Mr. E. F. Case dropped a \$2 bill on the table, and got a vote of thanks. Rev. Bentley found he had \$8 burning his pocket, and it went into the box, and he was given a vote of thanks. Bentley, and went him \$2.50 better, and so the work went on until the pot was worth \$174.97.

The financiers took the time to breathe, there arose a discussion as to ways and means, and talk was had as to what the Supreme Court would do. It was stated that Congressman Dalzell followed by Governor Beaver at Uniontown to-day and that John S. Lambie, Esq., would talk prayerfully to Judge Ewing.

THE CHAIR ON AXES. This part of the discussion was interrupted frequently by the shouting of the members of the Committee of Thirteen, and Mr. Richard Keys stirred up so much commotion by way of variety that the Chair began to pull the string, stating if the shouting during the meeting would soon be beyond the control of even Ajax Jones.

Mr. B. F. Stewart attempted to define the phrase "to be a member of the committee," and Mr. Keys got a chance to resume business at the old stand. It was only for a brief space, however, as he was interrupted by Mr. Caperton, who insisted there was nothing before the house but the raising of money. Mr. Keys let things slip along until he got to the point of saying that he would pay the bill, and then stirred up a sensation by stating that a certain man had said all this fuss is started about a man who is said to be guilty of murder. [Cries—Name them.] The Chairman declared a regency, and said he would allow the meeting to be a Line-Kill Club. But Mr. Keys was to be a member of the committee. He said that some one had said that South Carolina would do justice to Flemon. [Cries—It's a lie!] "That man isn't fit to live in this country," [Great applause.]

A QUESTION OF AUTHORITY. The Chair called for order, and a portion of the crowd cheered and another cried "Go on." "The Chair—I am in the chair, and when I say a man must be quiet, he must, unless the meeting will otherwise," he listened to Mr. Keys, and he went on, and he climaxed by saying that they were helping to pay the bill, and then stirred up a sensation by stating that a certain man had said all this fuss is started about a man who is said to be guilty of murder. [Cries—Name them.] The Chairman declared a regency, and said he would allow the meeting to be a Line-Kill Club. But Mr. Keys was to be a member of the committee. He said that some one had said that South Carolina would do justice to Flemon. [Cries—It's a lie!] "That man isn't fit to live in this country," [Great applause.]

THEY DEMAND THREE DAYS PAY FOR TWENTY MINUTES' WORK. In regard to the suit of the 25 deputy sheriffs, whose names were published in THE DISPATCH a few days ago, Deputy Sheriff Brown, in reply to a question as to the cause of the trouble, said: "The men have been treated very fairly by the Sheriff. He gave them two days' pay, when, legally, they could claim but one, and yet they were not satisfied. They were not in the street for more than 20 minutes. Of course, it is not a matter of interest to the country or the State, but it is a matter of interest to these men, who returned to do the work for which they now demand pay."

HIS CLOTHES WERE TORN OFF. Two Allegheny Officers Have a Lively Time With a Prisoner. Officers Alexander and Scott, of the Allegheny police force, had an exceedingly lively time yesterday afternoon, in arresting Edward Ottenbach. The officers were called into the Ottenbach residence, on Howard street, to arrest the young man who was abusing his parents and threatening to kill them. The prisoner showed fight, and wrestled the police about until his clothing was nearly torn from his back. He was finally overpowered.

Need for the State Senate. John N. Neeb is now in the race for the Senatorial nomination in the Forty-second district. There are three other candidates for the seat. The announcement of Mr. Neeb's candidacy was officially made yesterday.

WHAT IS there more pleasing, healthful or exhilarating than a glass of sparkling amber-colored beer, with the genuine flavor of pure malt? Such an article is brewed by the Baurlein Brewing Company, of Bennett's, Pa., and sold by them in the wood, or by the bottle, quarts, pints, and delivered promptly to all cities. Your order will receive prompt attention. Telephone, 1018. TTSU

THE FUND GROWS AGAIN. Two Outside Newspapers and Other Contributors Continue to Give.

Yesterday's contributions to the Johnstown relief fund were \$257.87, making the total amount received thus far \$763,873.30. The items were as follows: Indianapolis, Ind., per Journal, \$10; Methodist Episcopal Church of Mason, O., \$25.80; Dunbar, Pa., Relief Association, \$10; citizens of Elmberg, N. Y., additional, \$1; citizens of C. A. H. Transfer, United States Consul at Toronto, Ont., \$22; Citizens of the City of Water Department, \$4.25; A. R. Talmadge, Chicago, Ill., \$1; John McCombs, 25 cents; Herald, \$21.10; citizens of Bloomington, Ill., \$15.60.

ALL ARE SATISFIED. Mr. W. R. Thompson writes that the Johnstown People Are Pleased. Mr. David Robinson, one of the members of the Johnstown Relief Committee, received a letter from Mr. W. R. Thompson, Treasurer, yesterday, wherein the latter stated that he was paying away the money to the flood sufferers as fast as possible. "All right," said Mr. Thompson, "and the people are all very well satisfied with what they get. There has been no rumor of dissatisfaction heard from anybody."

WANTED—A BIGGER TRUST. This is the burden of a Philadelphia Company Circular—Certificates in Exchange for Stock. When the capital of the Philadelphia Company was \$2,000,000 the majority was in the form of a trust, controlled by Messrs. George Westinghouse, Jr., Robert Pitcairn and John Caldwell. When the capital was increased to \$7,000,000 a corresponding increase in the trust did not take place, and it remains at present as it did at its inception, at about \$1,500,000. The trust stock was unpopular at home and could not be placed in the East at any price. In this connection the following circular will be read with interest. Although it is dated July 6, it only mailed to stockholders last Saturday.

WESTINGHOUSE BUILDING, PITTSBURGH, PA., July 6, 1928. DEAR SIR:—The Philadelphia Company became the natural gas business the undersigned were made trustee to hold a controlling interest in the company for the purpose of voting at all meetings. The enlargement of the trust stock was made in the early part of 1927. In answer to numerous requests of the holders of trust certificates regarding certificates were issued in exchange for trust.

In the opinion of several large holders and of the undersigned, it is to the interest of all that a majority of the stock of the company should be held by the company for the purpose of voting at all meetings. You are, therefore, requested to send in at your earliest convenience the regular certificate held by you, for exchange for trust certificates. Respectfully, GEO. WESTINGHOUSE, JR., ROBERT PITCAIRN, JOHN CALDWELL, Trustees.

A large number of brokers and stockholders were interviewed regarding the proposed movement, and a few were found to favor it. Many object to it mainly because it would have the effect of practically stopping speculation in Philadelphia Company's stock. Those in favor of it say that they will send in certificates in exchange for the new issue, and claim they have perfect faith in the management of the Philadelphia Company and act for the best interests of all concerned.

ASSAULTED IN THE JAIL. A Correspondent Who Had Angered Rev. Mr. Sell at Somerset. Since the matter on another page, about the Confession homicide was in type and sent to the stereotyper, the following telegram has come to THE DISPATCH from Somerset.

James Lehr, of Allegheny City, who is charged with the murder of young Scott at Confession yesterday, was lodged in jail here today. Your correspondent visited the jail to interview the prisoner, when he was set upon, and a fight ensued. The prisoner was taken to a hospital, and a serious crisis attended the incident. It is believed that the prisoner was injured, and that the fight was a result of a misunderstanding. The incident has caused a great deal of excitement in the city.

THEY WILL ALL CONSULT. The New Government Building to be Assigned to Its Occupants. Yesterday afternoon the Building Committee of the Chamber of Commerce notified Superintendent Malone, of the new Government building, that they would wait upon him at his office at the earliest convenience and consult him as to designating the various offices in the building to its occupants. Mr. Malone has received several suggestions from the department at Washington for each story in the building, showing the location of all the offices.

NEW GAS TERRITORY. The Wheeling Natural Gas Company Secures Valuable Territory. The Wheeling Natural Gas Company has just completed the purchase of about 5,000 acres of gas and oil territory. Officers of the company have refused to state where they have bought the land, because they are negotiating for other leases, and they do not want to have other natural gas companies to compete with. The purchases include several sections in the different territories. One of them is a gas well and 600 acres in its immediate vicinity. Another part of the land amounts to 2,000 acres with an unused gas well. The remaining 3,000 acres have been secured on leases.

ALLEGED TOBACCO THIEVES. Officer Conroy Made a Good Capture at the Point Yesterday.

Patrick Connors, William Kinney and Peter Madden were committed to jail yesterday on charges of burglary. The men were caught at the Point bridge with considerable tobacco in bundles and boxes, and they were able to give a satisfactory explanation of their possession of the tobacco. Later it became known that the tobacco store of Mrs. Connolly, at the corner of Penn avenue and Fort street, had been burglarized.

TWO NEW WELLS STARTED. The Allegheny Parks Will Have Seven When These Are Done. Yesterday morning Henry Newhart commenced work on another well in the strip of park between Sherman and Marion avenues, Allegheny, and Superintendent Hamilton and J. W. Chalmers located another in the East Park near the foot of Poplar street. The latter will be paid for by Mr. Chalmers and neighboring citizens, and Mr. Kremer will raise the money for the former. This now makes seven wells in the Allegheny parks.

PLASTERERS' STRIKE THREATENED. A strike among the union plasterers of the city is threatened on August 5. It is not a question of wages, but there is trouble between the journeymen and their assistants as to who shall do certain kinds of work. He should see certain kinds of work.

SHOULD BE HELD ON FULL TERM. Over 3,000 men were at work. MORE SCALE SIGNERS. The Iron Manufacturers Slowly Coming to the Terms of the Amalgamation. Three more scale signers were obtained for the Amalgamated scale yesterday. They were Kipratiek & Co., of Leeburg; the Falconer Iron and Nail Company, of Niles, and Russell Street Iron Company, of the same place. Shoemaker & Co. and the Linden Steel Company are the only Pittsburg firms who have not yet signed the scale.

CLEANING UP OLD AVENUE. Chief Brown Makes a Personal Investigation of the Locality—Wholesale Arrests Made—The Chief Has Decided to Purify the Moral Atmosphere of Old Avenue, and to that end the police were last night given instructions to arrest on sight every disreputable character on that street. About one-third of the prisoners at Central station daily come from that vicinity. Chief Brown made a personal investigation by going through the district at night, and he found the moral atmosphere of old avenue, and to that end the police were last night given instructions to arrest on sight every disreputable character on that street. About one-third of the prisoners at Central station daily come from that vicinity.

THE COLORED RIDER CAUGHT. He is Arrested on a Charge of Stealing \$700 from a Coat He Dusted. Charles Robinson, a colored man employed as a duster at the Hotel Anderson, was arrested yesterday on suspicion of having stolen \$700 from the pockets of a gentleman who had dusted his coat in the barber shop. The gentleman, Mr. T. A. Allison, a stranger in the city but not a guest at the hotel, claims he went into the shop and took his coat off while he got shaved. Robinson was seen leaving the shop with a pocket-book containing \$700. He notified the police, and they followed Robinson until they saw him enter a house on the East End a week ago.

NOT BELIEVED TO BE MISS PAULSON. An Unknown Woman Found Near Johnstown—The Police Following a Telegram from Johnstown might not embrace a description of Miss Jennie Paulson, of this city, who was lost in the Conemaugh Valley disaster of May 31, failed to discover any of her relatives or friends last evening who could recognize the missing lady, though they were advised by the police that they thought the watch chain and ring were unlike Miss Jennie's.

LOCAL ITEMS, LIMITED. Incidents of a Day in Two Cities Condensed for Ready Reading. DILWORTH, PORTER & CO. are adding to their stock of the Southside machine shop, 50x100 feet, and it will cost \$1,000. A. M. MARSHALL, organizer, entered a suit in objection against George C. and Minnie A. Hall, to obtain possession of two lots in the Fourteenth ward.

YESTERDAY AFTERNOON a man named Peter Carney was arrested on an information made by the Chamber of Commerce, which was conducted in the Court House basement. THE INDEPENDENT GAS COMPANY has struck a well back of Westley, at a depth of 1,500 feet. This gives them a supply of gas, and they are now producing enough gas for Sewickley during the coming winter.

IN THE past two weeks the Society for the Improvement of the Poor distributed 547 loaves of bread, 221 bars of soap, 223 pints milk, 215 grocery orders, 325 bushels of coal and 1,000 pounds of clothing furnished. 75 families were visited.

ONLY \$5,000 ROYALTY. That is All the Interest Widener and Elkins Will Have in THE SOUTHSIDE TRACTION LINE. Mr. Murray Verner Did Change His Allegiance Yesterday.

ONLY FIVE MEN INTERESTED ALL TOLD. In spite of the statement published yesterday afternoon that Mr. Murray Verner had not resigned his position as Superintendent of the Citizens' Traction road, it is a fact all the same. "Mr. Verner severed his connection with the Penn avenue road to-day," said Mr. H. Sellers McKee last night to a reporter of this paper, "and he will commence his duties on the Birmingham Street Car Line to-morrow. He went over the entire road this afternoon with Mr. Patrick, who introduced him to the men on the line. I am congratulating myself on the fact of having secured him, because his experience in the street car business will be of the greatest benefit to us. He is also a partner in the ownership of the road, so there is no doubt that he will stay with us."

"Who are the other officers of the new company?" "That I do not know yet. We were to have a meeting this afternoon; but I could not get the men together, and we will convene for organization to-morrow afternoon, in Mr. Patrick's office, at 3:30 o'clock. As far as I can see, I think that I will be the President, and Mr. Elkins will be Treasurer of the road. We have decided to adopt the Widener-Elkins cable system, but they will have no further interest in the road. Of course, as we use their patents, we pay them the \$5,000 royalty, but there the matter ends. We have bought the road outright for \$1,000,000, and paid for it there are only five men in the whole company, and after the meeting to-morrow you can have their names."

"When are you going to commence laying the cable?" "As soon as possible. If I could arrange it we would start at once. I would like to have the road running by the cable within three months, were it possible; but there is no use in hurrying matters too much. However, we have applied for the charter, and there will be no more delay than is absolutely necessary."

A Big Stock Summer Finales. In delicate stripes, checks and flannels in all desirable combination of colors. Best makes of plain white all-wool flannel and gauze flannels in various grades. Plain all-wool navy blue for bathing dresses. JOH. HORNE & CO.'S Pennsylvania-Manufacturers.

TABLE LINEN BARGAINS—Manufacturers' ends, from 1 1/2 to 3 1/2 yards in length; very much under value to close. HUGUS & HACKE. California Closet. Coleman's Flag Brand, G. W. S. Flag Brand, Zinsfeldt Brand, By the case or bottle. P. W. W. SCHMIDT, 95 and 97 Fifth avenue, city.

At \$25 EACH—Combination dress patterns, choice colorings and latest designs; \$15 was the price formerly. HUGUS & HACKE. Excursions via the P. W. & C. E. R. R. on Thursday, July 25. Trains will leave Union station at 6:30 A. M. and 12:45 P. M., central time. Tickets good returning until July 28.

Here's Your Chance. For one week only cabinet photos 80c per dozen; bring the family, at once. Lida's popular gallery, 10 and 12 Sixth st. TSSS. BLACK SILK—Special bargain prices during our clearance sale, all the newest and staple weaves. HUGUS & HACKE. Iron City Beer. This delicious summer beverage, brewed by Frazer & Vilecek, is undoubtedly the best in the market. It is pure, wholesome and nutritious.

Until September Cabinets \$1 per dozen of anybody at Anfrech's Elite Gallery, 516 Market street, Pittsburg. Use elevator. Bring baby. WE INTEND REMODELING OUR STORES. To do so requires closing in August rather than remove stock during building. Will SELL AT A SACRIFICE. All Wash Dress Goods, All Wool Dress Goods, All Silk Goods, All Home Furnishing Goods, Trimmings, Hosiery, Gloves and Underwear, Children's Suits and Wraps, Ladies' and Misses' Suits and Wraps, Mantles, Jackets, Shawls.

Our Notion Department is filled with odds and ends useful for travelers' use. Brushes of all kinds, Traveling Bags, Chatelaine Bags, etc. The completeness of our stock will surprise you—largest in all departments. BIBER & EASTON, 65 AND 67 MARKET ST. PURE WINES AND LIQUORS. FOR MEDICINAL USE. California Wines at 50c per quart. Imported Liquors and Cordials at LOWEST PRICES. Finest Old Whiskies in Western Pennsylvania at same prices others are selling. G. EISENBEIS, 112 FEDERAL STREET, ALLEGHENY.

ALLEGED JEWELRY THIEF. A Young Man Who Made the Most of Opportunities to Steal. William A. Sier was arrested at his boarding house on Mt. Washington yesterday for stealing a lot of jewelry from the store of J. C. Grogan. Sier is not over 18 years of age. He worked for Mr. Grogan for several months, and seemed a very steady going, capable young man about the store. A few weeks ago his habits changed. Day by day various articles were missed about the store, and while he was suspected, nothing could be found to fasten suspicion upon him. One day he was discharged. Then it was found that a valuable gold watch was missing. Detectives Coulson and McTigue went to the boarding house where he lives, and had an interview with him. By skillful questioning they got him to confess that he had taken the watch and chain, three diamonds worth \$100 each, besides a lot of rings, pens, cases and other articles of lesser value. He was arrested.

ALLEGED GAMBLERS DISCHARGED. Another Case Where the Witnesses Would Not Come Forward. A hearing was had before Alderman Heinrich last evening, in the case of John McKee and John Moudes, charged with gambling, and Charles Hardy, accused of selling liquor without license. The offenses were alleged to have been committed on July 4, at the Southside Driving Park. No witnesses were produced, and the accused were discharged. A civil suit had also been brought against Moudes to recover \$21, claimed to have been lost at the game of "chuck-a-luck," but the suit was withdrawn.

A hearing was had before Alderman Heinrich last evening, in the case of John McKee and John Moudes, charged with gambling, and Charles Hardy, accused of selling liquor without license. The offenses were alleged to have been committed on July 4, at the Southside Driving Park. No witnesses were produced, and the accused were discharged. A civil suit had also been brought against Moudes to recover \$21, claimed to have been lost at the game of "chuck-a-luck," but the suit was withdrawn.

ALLEGED GAMBLERS DISCHARGED. Another Case Where the Witnesses Would Not Come Forward. A hearing was had before Alderman Heinrich last evening, in the case of John McKee and John Moudes, charged with gambling, and Charles Hardy, accused of selling liquor without license.
