AWAKENING PUBLIC SENTIMENT.

We are very much gratified to notice a disposition on the part of the press, reflecting a decided and rapidly augmenting public sentiment to make such a war upon the lottery abomination as will bring the infamy to an end, so far as its business in this State is concerned. The RECORD-UNION has labored for such an outcome for a very long time. For years it has stood very nearly alone in its denunciations of the shamefacedness with which the laws of the State have been, and still are, ignored and openly violated, that prohibit the sale of lottery tickets, the advertising of lottery-schemes, etc. It has been meanly intimated in several contemporaries, when this journal has upbraided the newspapers of the State for publishing the thieving advertisements of the lottery syndicates, that we were urgent because we had not been offered and could not secure the advertising referred to, a falsehood not less mean because disguised in innuendo. We presented this matter of the violation of the anti-lottery laws to three Legislatures, and in two of them bills were introduced to spur officers to the point of duty doing, but such is official fear and moral weakness in this day and the growth of cowardice in the face of rank corruption, that it has been impossible to this date to find men sufficient in number in the Legislatures with the requisite courage to confront the press and command it to cease serving as the means for violation of the Constitution and the express statute prohibiting the infamy referred to. We were distinctly told in the late Legislature that it would be impossible to pass such a bill because the most of the press of the State advertised the lotteries and aided the lottery managers in their swindling schemes, and that fear of these journals would prevent the enactment of the requisite laws. It is a well-known fact that were it not for the newspapers of this State and a few outside of our confines, the business of the lottery concerns would not flourish in California. The so-called "leading" papers are the avenues through which the lottery gamblers reach and fleece their victims. They not only advertise the drawings in captivating and long drawn display, but for coin they publish accounts of sums said to have been drawn, and the great good the "winnings" have done the "lucky ones." These decoy statements put in the form of newspaper interviews, are invariably paid for and are the results of the manipulation of the lottery thieves. They ought not to deceive any one, but it is evident that they do, and that thousands are led to rob their families and their business by lottery investments because of these glowing accounts of "prizes drawn." All this sort of procedure is in violation of the laws, which should be either enforced or repealed. As matters now are, police officers, prosecuting attorneys and grand juries stand idle and take no action, though the evidence of the infraction of the statute is patent to the sight and within the personal knowledge of every man who has sworn to sustain the Constitution and obey and enforce the laws. But, as we have said, the evidences are that the people are at last awakening to the monstrous character of the infamy that stalks in the land, and that is carting hundreds of thousands of dollars out of the State monthly for investment in the worst and most demoralizing gambling known. They are manifesting a spirit that promises to put an end to the shame, and to hold all offenders to strict accountability. Such of the press as have been guilty partners in the wrong should cease at once from further ill-doing, and when they preach obedience to the law and shout for public honesty and private morality, proceed to practice as they preach. When they do so, the lottery ghouls will be deprived of the one allyship through which they can hope to effect much evil.

ROLL UP THE FUND.

The response of the people to the call for help from the sufferers in the flooded region of Pennsylvania, that was made yesterday through the RECORD-UNION, was promptly responded to by the citizens of Sacramento. The relief list was opened at the RECORD-UNION counting-rooms at the beginning of business hours yesterday morning, and in a short time over $500 had been voluntarily brought to the counter. A 3 o'clock there was telegraphed to Governor Beaver the sum of $500, with a promise of more to come from the citizens of Sacramento. The promptness with which contributions came in, the open-heartedness of the people and the fine spirit displayed testifies to the depth of human sympathy, and that our people never turn a deaf ear to the cry of distress. The list is still open at the RECORD-UNION counting-rooms and should be swelled to double the present size before banking hours close to-day, for vast sums will be needed to relieve the 20,000 sufferers. Let us be open-handed still more, and make our offerings carry comfort as well as temporary relief to the houseless, homeless and bereaved ones in the stricken district. No such calamity has occurred in the history of the nation, and none of such awfulness and magnitude in the modern ages. The woes of our friends and fellow-beings appeal to us stronger than words can express. Let our response be equal to the demand of humanity.

THE RELIEF FUND.

SACRAMENTO'S RESPONSE—SHE SENDS THE FIRST MONEY.

More to Go To-day—The Governor's Proclamation—Relief List Still Open—A View of Johnstown.

The fund opened at the RECORD-UNION office yesterday for the convenience of the people desiring to contribute to the relief of the sufferers by the terrible disaster in Pennsylvania, grew rapidly from the outset. The contributions were given with a sincerity, openheartedness and unpretentiousness that was very gratifying. Some of the contributors were little children, some of them laboring men of small wages, who came in and gave their dollars with eagerness and gladness.

The list will remain open at our counting-rooms until the needs of the sufferers are so supplied that the Relief Committees report that no further funds are necessary.

FORWARDING THE MONEY.

All the money received at this office will be forwarded daily, and that each may know his donation has been applied a list will be published from day to day. The people are indebted to the National Gold Bank of D. O. Mills for the forwarding of the money by telegraphic exchange free of cost. Just before 3 o'clock yesterday afternoon our counting-room sent to the bank $500, the contributions received to that hour, and the bank telegraphed to same to Governor Beaver at Harrisburg, Pennsylvania, as from the citizens of Sacramento for the relief of the sufferers at Johnstown. It was the first money sent on for that purpose from the Pacific coast. To the hour of going to press contributions handed in at this office, to be forwarded to Governor Beaver, amount to

Total by the Committee..........$107 00
Total paid in thus far..........$723 50

The Exempt Fireman's Association at a meeting last night voted $25 to the relief fund, which, when added to the above, will make the sum total $748 50.

INCREASE THE SUM.

Governor Waterman yesterday received a dispatch from William McCreery, President of the Board of Commerce of Pittsburg, Penn., to the effect that the scenes of horror and desolation at Johnstown are impossible to describe. He adds that what is immediately essential is money for the relief of the sufferers. It will thus be seen that the need is great and that Sacramento has by no means fulfilled her duty. There are hundreds of our citizens most able to respond who have not yet contributed to the relief fund who will certainly do so to-day or to-morrow. We hope to publish to-morrow a very much longer list of contributors and a greater aggregate of money.

A PROCLAMATION.

The Governor has issued a proclamation, reciting briefly the scenes of suffering and desolation in the flooded district, and concludes by an appeal to the people of the State to meet in their several localities and by concert of action "render such assistance in the time of sorrow and adversity as will make known the fact that situated as we are in the Western confines of the Union, we are not unmindful of and rejoice that we are citizens of a common country."

BENEFITS.

Rev. A. C. Herrick, who has given several lectures in the city with entire success, illustrated by beautiful stereopticon views, is desirous of contributing to the relief fund. His contribution must be his labor. He therefore will give one of his lectures, with the very best stereopticon effects in his power, next Monday evening for the relief fund. The entire proceeds will go to the fund, as there will be no expenses. Mr. Newman has volunteered to contribute the gases for the stereopticon, and Fred Foote has volunteered to operate the instrument. It is intended to get a down-town hall and to ask all the churches to co-operate in the benefit.

A grand ball is to be given in aid of the relief fund at Turner Hall Friday evening, with tickets at 50 cents. Jones, Fisch & Watson contribute the music and the hall and Day & Joy the printing.

INCIDENTAL MATTERS.

John Gagely, an employe in the foundry department of the railroad shops in this city, received a dispatch from Johnstown yesterday stating that his mother and two sisters had been drowned in the terrible flood. One of his sisters was married and has three children, and it is thought that they also perished.

John Flannagan of this city has received telegrams from Roxford and from Johnstown stating that his relatives escaped from the flood.

Alex Tittle yesterday received a dispatch announcing that his brother Cyrus, and his sister Sarah, were drowned at Johnstown. Mention was made yesterday of the drowning in the flood of H. C. Rose, District Attorney at Johnstown, the nephew of M. R. Rose of this city. Last evening Mr. Rose received a dispatch, stating that the body of his nephew had been found near the Pennsylvania Railroad station. Among the drowned was John Dibert, a banker, who some time ago visited Sacramento and was the guest of M. R. Rose.

A VIEW OF JOHNSTOWN.

E J. Devlin, whose family had many relatives in the fated city, is the owner of a photographic birds-eye view of Johnstown and vicinity. By request of many friends he yesterday placed it on view in the show window of Weinstock, Lubin & Co. It can be seen there for a few days. It gives a very good idea of the place of the chief disaster. The picture dissipates a common error; that is that Cambria City, Johnstown, Conemaugh, Burrough, Kernville and one or two other towns are considerably apart from each other. The view shows that they are all practically one town, a narrow stream in one case, a street in another alone separating the towns. A few notes of explanation at the foot of the picture indicates the chief points of interest, the courses of the streams and the location of some great manufacturing works.

Contributors to the relief fund, who desire their mites to go forward at once, should add them to the list by 2:30 P. M. to-day, that they may be telegraphed at 3. Contributions after that hour will be passed into the remittance of the next day.

Our evening contemporary announces that any money left with it for the relief of the sufferers in Pennsylvania will be added to the general fund that is being sent on as from the people of Sacramento.

IN BETTER LUCK.

The Citizens Get $1,000 From the Supervisors For the Fourth of July.

The Supervisors of the county met in regular session yesterday. Present—Tebbets (Chairman), Black, Bates, Greer and Ross.

A communication from S. C. Denson on the matter of the Hicksville road was received and consideration of the matter was laid over until the next regular meeting of the Board.

A communication from G. G. Gilbert was received relating to obstruction on the road from Michigan Bar to Plymouth, by way of Indian creek, in Amador county. This is the matter of gates which had been ordered opened upon this roadway and which are maintained by Mr. Prethero and Mrs. Dickinson of Sacramento county. The Overseer of Road District No. 7 was ordered to have the obstructions removed forthwith.

A communication was received from J. E. Blanchard, member of the County Board of Education, stating that he was a resident of Sacramento county, that he was engaged in teaching in Sacramento county, and that legally his office as a member of the Board could not be declared vacant.

The discussion in the Board indicated that he had been a temporary resident of Placer county during his service on the County Board of Education, and the object of the communication was to show that at the present time he was a resident of Sacramento county. The communication was received and placed on file.

A communication was received from A. L. Frost, County Assessor, suggesting that the County Surveyor provide a map of the several swamp land surveys of the county. Placed on file.

A committee of citizens, consisting of R. D. Stephens, David Lubin, R. B. Harmon and W. S. Leake, appeared before the Board in the interests of an appropriation for the coming Fourth of July celebration. Mr. Stephens, the spokesman of the committee, made a speech urging the advisability and propriety of the county appropriating money for the celebration of the "glorious Fourth." He spoke in detail of the grievous burden upon the business men in the way of donation to every popular movement, and urged the propriety of the county bearing the major part of the expense in the proposed celebration. The Board was asked for a contribution of $1,000 to the Fourth of July committee.

Other members of the committee spoke on the subject, all warmly pressing the desirability of the county of Sacramento setting an example of patriotism and pride of country by advancing the interests of the proposed patriotic celebration.

After considerable discussion as to the legality and propriety of such an appropriation upon the part of the Board by the different members of the citizens' committee and members of the Board, upon the motion of Supervisor Black, seconded by Supervisor Bates, the Board appropriated $1,000 from the immigration fund to promote immigration, to the Citizens' Finance Committee for the coming Fourth of July celebration, such indebtedness not to accrue until after the 15th of July next.

Recess till 1:30 P. M.

AFTERNOON SESSION.

Grove L. Johnson presented a petition for the laying out and construction of a new road in District No. 18, said petition being signed by the Sacramento Bank and others.

On motion of Mr. Ross the petitioners were required to give a bond in the sum of $100, and on motion of Mr. Greer, J. C. Boyd, Sanford Dickey and Hart F. Smith were appointed viewers of said road.

Judges Armstrong and Van Fleet and Dr. Nichols appeared before the Board and asked that an addition be built to the County Jail, where invalid prisoners may be cared for.

C. M. Prodger appeared and asked the Board to make provision for keeping the male and female prisoners separate. His remarks were indorsed by Judges Armstrong and Van Fleet and Dr. Nichols.

On motion of Mr. Ross the matter was referred to the Public Buildings Committee.

George M. Mott, representing H. S. Crocker & Co., protested against the opening of the bid of C. S. Houghton for stationery, on the ground that it was not presented to the Board before the hour of 2 o'clock P. M., as advertised.

The Board overruled the protest and the bids were opened. The only bidders were Crocker & Co. and C. S. Houghton, and the matter of letting a contract was postponed until to-day.

Mr. Ross, from the Committee on Roads and Bridges, presented the following report:

We, the Committee on Roads and Bridges, in the matter of rebuilding or repairing the Live Oak bridge, report that in our opinion we believe it to be to the best interests of the county to advertise for plans, bids and specifications for a new bridge.

On motion of Mr. Bates, the report was adopted.

On motion of Mr. Ross, the Clerk of the Board was instructed to advertise for such bids, each bid to be accompanied by a certified check for at least 10 per cent. thereof.

On motion of Mr. Greer, Thursday, June 20th, was fixed as the time for opening said bids.

Mr. Bates moved that the office of J. E. Blanchard, as a member of the County Board of Education, be declared vacant, on the ground of non-residence. The motion was seconded by Mr. Ross.

The roll was called with the following result: Ayes—Ross, Bates and Black. Noes—Greer and Tebbets.

P. Kelly requested the use of the west line of the Court-house lot in building. Referred to the Building Committee.

Road Overseer Plummer appeared before the Board and made a verbal report regarding the condition of the McCracken wire bridge on the Cosumnes. He stated that an attempt had been made to reach the ends of the anchors in order to examine them, but after sinking twelve feet further progress was prevented by water. Some of the cables were rusted, but he regarded the bridge as safe.

Supervisor Ross differed with Mr. Plummer and said he regarded the bridge as unsafe, and knew that many persons in that vicinity were of the same opinion.

Mr. Plummer said, however, that if the bridge was to be left standing he would suggest the strengthening of some of the cables on the further side of the river by splicing the rusted portions.

Mr. Ross said that in his opinion the bridge was all right except the cables.

Mr. Bates suggested that Overseer Plummer might make all the necessary repairs required by using some of the wire of the broken McCabe bridge. It cost $2,700 to have the cables of the Folsom bridge spliced, and Mr. Plummer could probably do this work himself.

Mr. Plummer said the planks on the upper side of the bridge were rotted and should be replaced.

After some further informal discussion over the matter, the Board took a recess till 10 o'clock this morning.

THE SCHOOL CENSUS.

Some 1,500 Less Children Enrolled Than at the Last Census.

The Marshals employed by the City Board of Education recently to canvass the city for school children, have made their reports to City Superintendent Beard as followed: First District (J. F. Slater), 1,170; Second District (James C. Kelly), 1,640; Third District (C. H. Denton), 948; Fourth District (Albert Hart), 1,170. Total, 4,828. The last census returned something over 6,300, showing an apparent falling off of something like 1,500. But it must be remembered that in former years the School Marshals were paid so much per capita for the number of children enrolled, and it is possible that the number has been exaggerated, and that the present census is correct.

The Marshals insist that they have done their work thoroughly, but there is still some question as to the advisability of having limited them to fifteen days in which to do the work. It is said that in Oakland and other places the percentage of decline is even greater than in this city. Of course, everybody knows there has been no decrease in the number of school children in Sacramento, as the population is steadily on the increase; but neither Sacramento nor any other city should claim a greater number of school children than they actually have, merely for the purpose of getting more money from the State school fund.

NO ONE ever tried Simmons regulator without being satisfied with its effect.

CRIMINAL CASES CONTINUED.

Because of Danger That They Would be Tried by Public Sentiment.

The Billings case came to the front again yesterday, and in the Superior Court. When the case of the people vs. C. L. Kaymer was called, his attorney, Major Anderson, addressed the Court, asking that the case be continued. He based his request on the ground that public sentiment had been recently agitated over the result in another case, "which," he said, "is liable to and does affect the public mind as well as the minds of jurors, and would render it almost certain that the defendant could not have a fair and impartial trial." He also presented an affidavit signed by his client, to the same effect.

The motion was opposed by Charles T. Jones, one of the counsel for the prosecution. Judge Armstrong spoke at length on the subject, and after referring to the "unexpected verdict" rendered in his Court in a case tried last week, and in view of the comments thereon, he was "inclined to think that it would rather drive a jury as far the other way as this jury was driven in favor of acquittal." The Judge further said:

"A conversation with one of the members of that jury has led me to think that there is much in this. That juror, who in that case was for acquittal, said to me that had the Court permitted the jury to mingle with the people during the trial the verdict would have been conviction. Upon that I said to him that it would have been wrong, because it would have been a violation of his oath of office as a juror. I said to him: 'You took an oath that you would a true verdict render according to the evidence and the law. Now if you had received an impression from the outside and would have permitted yourself to be influenced by it, as you undoubtedly would have done, you would have violated your oath of office.'"

Judge Armstrong, pursuing his remarks, referred to the inexperience of some of the jurors in the Billings case as one of the causes of the verdict in that case. "From the sentiment expressed to me by this juror," said the Judge, "I believe that there is possibility that injustice may be done should this present case go to trial now."

District Attorney Bruner coincided with the conclusion arrived at by the Court. He referred to the case of Raten, one in which public opinion was strongly against the prisoner, and he was convicted, when afterward sentiment changed and the defendant escaped the death penalty.

Charles T. Jones, who is also counsel for Charles H. Eldred, moved for a continuance of the latter's case. The motion was granted, and the jury was discharged.

Recently Incorporated.

The following articles of incorporation were filed in the Secretary of State's office yesterday:

Colton Smelting, Refining and Reduction Works, with a capital stock of $500,000. Directors—Martin C. Gee, R. W. Button, P. A. Raynor, Mrs. Joe Sleisser and H. A. Kellar.

Stock and Fruit Farmers' Association. Principal place of business, Paso Robles; capital stock, $100,000. Directors—R. M. Shackelford, F. A. Earll, E. C. Griswold, J. E. Steinbeck, C. M. Steinbeck.

An Alleged Wife-Beater.

The name of Frank Sinclair appears on the police slate opposite a charge of assault with intent to commit great bodily injury. The complainant is his wife, and it is alleged that on the night of the circus she was severely beaten by her husband at their residence on Twenty-fourth and O streets.

KING'S ROYAL GERMETEUR.

TO THE CITIZENS OF SACRAMENTO AND State of California: I deem it but necessary to reply since seeing the circular gotten out by Mr. Radam and his agents, accusing Dr. King (on me as his agent) in trying to perpetrate a fraud upon the public by the introduction of KING'S ROYAL GERMETEUR, THE GREATEST MEDICINE IN THE WORLD. Radam claims it is a fraud and imitation. Why does he do this? He says, "He thinks it his duty to the people of California to tell them." Well, every man of common learning is ready to admit that Mr. Radam has no interest in the people of California only to make dollars and cents by the sale of his microbe killer. Well, if he was not afraid of KING'S ROYAL GERMETEUR being more popular and making more cures, thereby having a greater sale than his microbe-killer, he would not say a word about it. He knows that KING'S ROYAL GERMETEUR is sold in every State in the Union; that King's agents will sit down anywhere his microbe-killer is sold and always hold their own, because KING'S ROYAL GERMATEUR has its merits and virtues that slander cannot take away from it. To-day it is sold in every town in Texas, and every State in the Union has been bought for a good price to sell it. It has cured thousands and will cure thousands more. If I am handling an imitation it is an imitation better than the genuine, and it gives me pleasure to give to the people a few names that will indorse me, and men that stand high. Read the following and determine if I am a fraud:

To whom it may concern: The bearer of this letter, J. M. Gordon, is a citizen of Corsicana, Texas, and well known to us. He is a gentleman of honor and integrity, and his word may be relied on in any matter. We cheerfully commend him to the favorable consideration of all good people. ROGER Q. MILLS, M. C.; R. E. PRINCE, President City National Bank, Corsicana; G. T. JESTIN, President Corsicana National Bank, Corsicana; JAMES GARRITY, President First National Bank, Corsicana; H. G. DAMON, Vice President Texas Loan Agency; C. H. ALLYN, wholesale grocer; E. L. BARCROFT, Agent St. Louis, Arkansas and Texas Railway; P. C. ARMSTRONG, Pastor Methodist Church.

We have read letters from the above-named gentlemen, indorsing Mr. Gordon and believe them to be genuine.

OLD MEN'S COMFORT BOOTS hand-sewed, broad French toe, low heels........For $7 50.

RAILROAD SHOES!

THE "RAILROAD SHOE," OF which we have sold so many in Sacramento and throughout the coast, are here again in full assortment. They have a broad French toe, heavy triple soles, broad Scotch edge. Every workingman should use them. Price..............$3.

MEN'S $3 SHOES!

AFTER ALL, MERIT TELLS. WE SEE this daily in the constantly increasing demand for our $3 SHOE. Our customers tell us they have never seen a better Shoe of its class, and that is what we have been trying to tell you in a modest way for some time past. We say "modest" because we do not wish our $3 SHOE to be rated with the sorts that are extolled in advertisements all over the country. The man who flaunts the biggest flag in a procession is not its chieftain or possessed of any monumental rank. It takes more than type and talk to make a good Shoe. Here is ours: Best domestic Calfskin; strong Dongola top; fitted throughout with heavy silk; soles cut from Hoyt's Flintstone sole leather; seamless sides; flawless workmanship. We have these excellent Shoes in Congress, Button and Hook and Lace styles, and you can have each style in a plain broad toe, or London toe with tip. The Price, $3, but worth a dollar more. Sizes..............5 to 10.

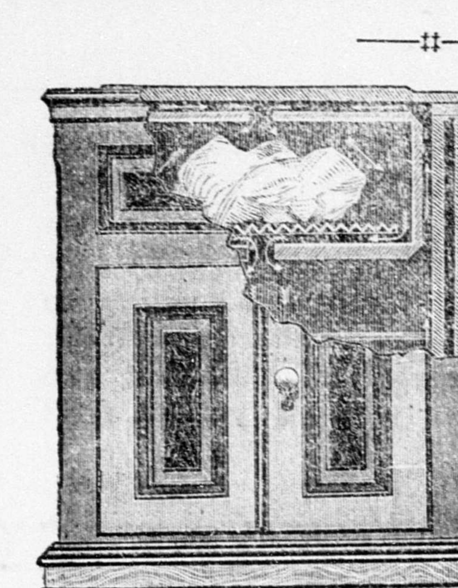
FACTS WORTH CONSIDERING.



EVERY FAMILY SHOULD have a Refrigerator or an Ice Chest. The next question is: WHICH IS THE BEST TO GET? And we say: Get an

ALASKA REFRIGERATOR

FOR THESE REASONS:

THE ALASKA has preserved Fresh Meats perfectly for three weeks in hottest weather.

THE ALASKA produces a DRY, COLD AIR, which no other Refrigerator can do.

THE ALASKA possesses the ONLY provision chamber free from odor.

THE ALASKA is constructed upon strictly Scientific Principles, by which LOW TEMPERATURE and DRYNESS OF AIR are naturally and inevitably obtained.

The principal causes of decay in Meats and Fruits are dampness and varying temperature, causing the expansion and contraction of tissues, which hasten decay; hence the Dry Atmosphere and Uniform Temperature of the ALASKA conduce to their preservation.

The economical use of ice depends upon the principle involved, the construction of the Refrigerator, and in utilizing all the cold air, such as in the ALASKA.

The qualities sought in a Refrigerator are preservation of perishable foods and an economical use of ice, all to be found in the ALASKA.

CALL AND SEE THE ALASKA REFRIGERATORS, AS THEY ARE THE BEST IN THE WORLD. WE HAVE THEM FROM $10 UP.

ORANGEVALE!
CHOICEST FRUIT LANDS.
Ten-Acre Tracts, Planted or Unplanted, as Desired.
Orchards Cared for for Absentee Owners.

THE ORANGEVALE COLONIZATION COMpany, composed of prominent business men of Sacramento, and indorsed by the Board of Trustees, Board of Supervisors and Board of Trade, own 3,200 acres of deep, rich fruit and vine lands, all cleared, on the American river, opposite Natoma vineyard. It has been divided into 10-acre tracts, each one fronting on a 60-foot avenue. Water under pressure for irrigation will be piped by the company to each tract free of expense, the water actually used only being paid for by purchasers. Last season 150 acres were planted in trees and vines, and have already been sold, in addition to a large number of unplanted tracts. This year 406 acres are being planted. PLANTED TRACTS, $1,500 each. UNPLANTED TRACTS, $1,250 each.

Tracts planted to Orange Trees are of course much higher, varying with varieties chosen.

TOWN SITE.

The town site of Orangevale is but 1¼ miles from the Folsom railroad depot. Town lots 50x150, $300—$20 down and $10 per month. Lots are sold in series of twenty, and two cottages awarded to the purchasers in each series.
