THE SALT LAKE HERALD.

BY FAR THE BIGGEST!
BY FAR THE BRIGHTEST!
BY FAR THE BEST!

VOLUME XX, NUMBER 14. SALT LAKE CITY, UTAH: THURSDAY, JUNE 20, 1889. PRICE: FIVE CENTS.

A SEAL SKIN SACQUE

A Pension Office Employee Sacked for Stealing One.

A VERY BAD RAILROAD ACCIDENT.

Two Persons Killed and Eight Persons Injured on the Pan Handle—Cleveland's Letter—The Constellation.

[Special to THE HERALD.—Examiner Dispatch.]

NEW YORK, June 19.—Close upon the scandal involving Squires, Tanner's private secretary, comes still another blow to the reputation of the pension office for morals, which are apparently at a low level. It is alleged that the reason for the sudden departure of Van Brunt from the pension office was Secretary Noble's discovery that the Brooklyn man had deserted his wife and family and had exchanged their society for that of a woman in this city, and had been mean enough to spend the woman's money and pawn her seal skin sacque. It was as much on the meanness of the transaction as upon the immorality that Secretary Noble based the dismissal of Van Brunt. He could not stand that seal skin sacque incident.

Accident on the Pan Handle.

PITTSBURG, June 19.—The second section of the mail train, west bound, on the Pan Handle railroad, was wrecked this afternoon New Cumberland junction, two miles east of Steubenville. Two persons were killed outright; eight injured, four of them seriously. The names of those killed are: J. H. Payne, postal clerk; E. R. Reinhart, postal clerk; very seriously injured: Conductor Burris, Brakeman McFarland, Postal Clerk W. S. Bolton, Postal Clerk J. E. Matthews. The others injured are: T. D. Armstrong, E. E. Bonner, C. J. Miner and Frank Shook, how badly is not known. The accident was caused by the third car from the engine leaving the track, followed by two others, all going over an embankment. The train consisted of an engine, express car and four postal cars, running forty-five miles an hour. Besides the regular crew, there were fifteen postal clerks on the train.

Cleveland Writes a Letter.

BOSTON, June 19.—Ex-President Cleveland has written a letter to the Massachusetts Reform club asking to be excused from accepting its invitation to attend a banquet. He declares his devotion to tariff reform, but says that having retired to private life, his attendance on such gatherings ought to be made as infrequent as possible.

From the Commander of the Constellation.

WASHINGTON, June 19.—The following dispatch has been received from Captain Harrington, of the Constellation: "The Constellation went ashore yesterday inside of Cape Henry in a light fog; she is afloat; injury not serious, but must put her in dock; will proceed to the navy yard to-day. All well."

The Constellation Easy.

NORFOLK, June 19.—The United States ship Constellation, ashore near Cape Henry, is lying easy this morning. The wind abated during the night to almost a calm. Wrecking steamers have removed the cable and anchors from the ship. The ship will probably be floated to-day.

The Constellation passed in at 4 p.m. in tow for Norfolk.

Jackson, the Montana Criminal, Released.

TORONTO, Ont., June 19.—Full particulars of the crime with which Samuel Jackson is charged not having been sent from Springfield, Montana, where the offense was committed, Jackson has been released

Burke Said to Have Confessed.

WINNIPEG, June 19.—Burke, the Irishman arrested here on suspicion of being one of Dr. Cronin's murderers, is reported to have made a clean breast of the whole affair to the Winnipeg chief of police. Burke has been extremely nervous since his capture and is now broken down entirely. The chief refuses to tell anything about the confession until he has consulted the Chicago detective now on his way here to take charge of the prisoner. It is known positively that Burke has offered to return without being extradited if allowed to turn state's evidence.

Torrential Storms in Germany.

BERLIN, June 19.—Torrential rains, accompanied by thunder, have swept over Hesse, South Westphalia, Nassau and Thuringa. The storms extended east to Saxony and south to Bavaria. Serious damage was done to the crops, and several persons and a large number of cattle perished.

The World's Sunday School Convention.

NEW YORK, June 19.—There sailed for Liverpool on board the Bothnia to-day thirty delegates to the World's Sunday School convention, which meets in London July 2. They represent the Sunday schools of all the leading cities.

An Unnecessarily Sensational Affair.

[Special to THE HERALD—Examiner Dispatch.]

WASHINGTON, June 19.—Thursday evening Mr. Graves, chief of the bureau of printing, drew a pistol on M. F. Jackson, an ex-employee of the bureau. Jackson is a one-armed soldier who keeps a small book store on Pennsylvania avenue. Two years ago he was dismissed for the fault of another man. He was trying to have that record corrected, and something he said made Graves angry and he ordered Jackson to leave the house. Jackson fired up and called Graves a coward. Then the chief rushed to the bureau and drew a revolver, which he pointed at Jackson, ordering him again to be gone. Those acquainted with the facts here think the whole affair unnecessarily sensational and unbecoming the official service.

Walker Blaine on the Seal Fisheries.

NEW YORK, June 19.—A Washington special says that Walker Blaine, in response to an inquiry as to the accuracy of the report from Montreal that an agreement had been reached between Great Britain and the United States that no vessels shall be seized this year in the Behring sea, said: "I know nothing relative to the subject outside of the public proclamation of the President, which has already been printed; nor do I know of any intention to call, as has been suggested, an international congress for the purpose of taking steps jointly to protect the seal fur fisheries there."

The Mining Engineers' Convention.

DENVER, June 19.—The delegates to the Mining engineers' convention assembled at headquarters this morning and at 10 o'clock took a special train to the Omaha & Grant smelter. A thorough inspection of the workings of the smelter was made. Ex-Governor Grant accompanied the visitors and called their attention to every feature of interest. The session was called to order at the high school building at 2 o'clock by President Pearce. Senator Wolcott delivered the address of welcome which was received with a great deal of interest. This was followed by an address by President Pearce upon the subject: "Sinking shafts through quick-sand," after which the convention adjourned.

Chandler Elected in Joint Convention.

CONCORD, N. H., June 19.—In joint convention, the legislature to-day elected W. E. Chandler United States Senator.

The Steel and Iron Workers' Convention.

PITTSBURG, June 19.—The Amalgamated association of iron and steel workers' convention to-day granted the application of the bolt makers for admission to the organization. The general strike assessment measure, suggested by the American Federation of trades unions, whereby all members of the federation are assessed in case a strike in any of the trades unions, was adopted. An amendment was also passed permitting the admission of a number of men about the mills who heretofore could not join that organization. Everybody employed about the mills can now be freely admitted, except common laborers. This latter question was left to the discretion of the local lodges. This trenches on the field of the knights of labor.

Appointments and Reinstatements.

WASHINGTON, June 19.—P. R. Borin has been appointed United States storekeeper at Oakland, California.

William A. Robinson, San Francisco, was to-day reinstated as postoffice inspector on mail depredations under rule 10 of the civil service commission, which was yesterday so modified by the President as to permit the reinstatement of ex-union soldiers who have had been out of service more than one year. Robinson was dismissed in 1886.

DROWNED IN THE GENESEE.

Martin Laux, of Buffalo, While Bathing With Sullivan Loses His Life.

[Special to THE HERALD—Examiner Dispatch.]

BELFAST, N. Y., June 19.—When your correspondent visited Messrs. Sullivan and Muldoon at their training quarters yesterday, they had just returned from a long walk. They seemed in excellent spirits, and the champion was looking well. He then went through the process of being bathed and rubbed. After this the party dined and were joined by Mr. Martin Laux, a young lawyer of Buffalo, who is also manager of Rogers, Willard and Locke, of that city.

After dinner it was suggested by Messrs. Muldoon and Sullivan that the party, including Millie Cleary, of New York, and Mr. Johnson, of Cincinnati, take a stroll to the Genesee river, which is about one-quarter of a mile distant from Mr. Muldoon's residence. After arriving at the river and sitting upon the bank a few minutes and chatting, it was suggested by the two champions that they attempt to swim the river. All hands went up for a bath. After enjoying the clear, fresh water for about half an hour, the party came out and with the exception of Mr. Laux, who remained on the opposite shore, began dressing. He is an expert swimmer and athlete of some note, and as he started to swim back but little attention was paid to him, as no danger was anticipated. The party was chatting and laughing, when all at once a cry for help from Laux was heard. All immediately commenced divesting themselves of their clothes, and in a few seconds plunged into the water. The strong swimmer put in his best strokes to reach Laux, but before he could get to him he was carried over the mill dam, 200 feet below, and drowned. Messrs. Sullivan and Muldoon made every effort possible to rescue him, even at the risk of their own lives, but all their efforts proved fruitless, and as yet the body has not been recovered. It is thought that he was taken with cramps. The athletes returned to their training quarters in gloom.

Mr. Sullivan is in perfect health, and although he is being reduced in weight by doing hard work, he seems to be growing more massive in size. As he appeared stripped for the bath yesterday, he looked a perfect Hercules. He did not appear too fleshy, although his trainers say they will reduce him several pounds yet. He is as brown and healthy looking as any of the farmers. He made the remark that he was not overpleased at the reports of his being on a drunk, but said it was an old story to him, and supposed it originated through some "country jake."

Baseball.

The Electric Sugar Frauds.

NEW YORK, June 19.—In the supreme court to-day Judge Andrews granted R. H. Moffatt, receiver of the Electric Sugar Refining company permission to sue Olive E. Friend, William E. Howard, Amelia Howard and George Halstead for the cancellation of the stock held by them for the corporation or expended by it upon their fraudulent representations.

A Frightful Crime.

INDIANAPOLIS, June 19.—On November 2, 1888, Richard O. Allen an aged farmer living five miles sothwest of Washington, Ind., was found tied to a tree near his house with his throat cut from ear to ear. It was thought to be a case of suicide and no inquiry was made a few days ago, while laboring under religious excitement, Mrs. C. Allen, the seventy years old widow of the dead man, confessed to two colored servants that she committed the crime. She said she and her husband had had trouble as to who was right.

Killed by a Train.

MILWAUKEE, June 19.—Robert Bevering, cigarmaker, and a young lady riding with him, were killed at Silver Springs station to-night by a Chicago & Northwestern train, which ran down their buggy and mangled them terribly.

Aid From Constantinople.

WASHINGTON, June 19.—The secretary of state has received a telegram from the United States minister at Constantinople saying he had sent £200 for the relief sufferers.

The Work of Clearing Johnstown.

JOHNSTOWN, June 10.—It continues rainy, but the work of clearing up progresses steadily.

Seven bodies have been recovered up to 1 o'clock, all women, but none were recognizable.

Governor Beaver and the flood commission arrived shortly before noon and made a tour of the devastated district. They have not held a formal conference yet.

WATCHING THE CLAN.

The Catholic Authorities Will Consider It Seriously.

POLITICAL CONTROL OF ASYLUMS.

Judge Prendergast's Decision in the Cook County Case—Burke Identified by Photograph—Initials on Postal Rosters.

BALTIMORE, June 19.—It is given out from a source that has always been regarded as very close to Cardinal Gibbons, that the developments concerning the Clan-na-Gael that have been brought out by the investigation of the murder of Dr. Cronin at Chicago will, without delay, receive the very serious consideration of the highest authority of the Catholic church in the United States. To quote the words of the chancellor of one of the largest dioceses of the country, who stands close to the cardinal, and who was summoned to Baltimore within a few days, "The church will wait the developments brought out by the civil authorities in their investigation of the Cronin conspiracy before it will take any action. If it should be developed that the Clan-na-Gael is in any way responsible for this deplorable affair, I have no doubt that such steps will be taken as will be warranted, by the archishops of the country. The duty of the church is very plain in the matter, and its line of action is clearly marked out by decrees issued by the third plenary council."

Descriptions in the Postal Rosters.

WASHINGTON, June 19.—The postmaster-general has issued the following order: "That in compliance with the request expressed in the resolution submitted by the Phil. H. Sheridan Command No. 1, Union Veterans, Union department of the Potomac, all male employees in this department shall make a full statement of all service performed by them in the army, navy or marine corps of the United States; and all male employees who have not served in the army, navy or marine corps of the United States shall state that fact; and in either case such statement shall be filed in this office within ten days from the date of this order. It is further ordered that in the rosters of this department, all honorably discharged soldiers, sailors and marines of the United States who have been wounded or disabled in action, shall have that fact indicated by the letters H. D. W., signifying "honorably discharged; wounded," or H. D. D., "honorably discharged; disabled," as the case may be, prefixed to their names in such rosters. It is further ordered that the employees of this department, widows, sons or daughters of soldiers or sailors of the United States who, during the war for the suppression of the rebellion, died in the service and were honorably discharged therefrom, shall have that fact shown in the rosters of this department by the initials W. S. or D., as the case may be, prefixed to their names and such rosters."

The resolution referred to expressed the belief that certain employees in the executive departments who have never served in the army, marine or navy service, had prefixed them to their names in the rosters of the bureaus in which they are employed.

Political Control of the Insane.

CHICAGO, June 19.—Judge Prendergast this morning rendered his decision in the matter of the investigation of the affairs of the Cook County Insane asylum. The decision is long, but its simple idea is expressed in reference to the political influence which has been allowed to control the asylum. The institution must be removed from the influence of partisanship, says Judge Prendergast, in order that the sweet waters of mercy may not be polluted by politics. The judge recommends that the asylum be removed from its present site, and that a special session of the state legislature be called to attend to the matter. He reviews the evidence at great length, pointing out the dreadful results arising from the combined influences of politics, overcrowding, brutality and filth. In pointing out the defects of the political management of such an institution, the judge says that the constant care of a large number of the persons appointed is to retain their places, and they cultivate the friendship of the powers that be instead of studying to increase their efficiency and skill as students. It is because there is no hope of remedy in the city or county, the judge says, that he recommends a special session of the legislature to pass a law putting all such institutions under the control of the state.

Appointing Census Employees.

WASHINGTON, June 19.—The attention of Superintendent of Census Porter to-day was called to the letter recently sent by the civil service commission to the President, asking that the appointment of census office employees be made through the commission. Porter said he was certain it was the intention of the framers of the law not to place the census office under the civil service law. The principal reason for this, he said, was that the great bulk of the census employees were employed for a very short period, and it would be improper to bring people from distant points to this city for a service not lasting longer than six months. He gave a number of other reasons, and said that he was of the opinion that the appointing of census employees by the civil service commission would tend to render the service insufficient.

The Omaha Bee's New Building.

OMAHA, June 19.—The new *Bee* building was opened this morning, it being the eighteenth anniversary of the paper's existence. The building is eight stories high. One thousand invitations were issued for the occasion, and the building was thronged with visitors. To-night a banquet was given at the office, where Governor Thayer and sixty members of the state and local press sat down.

The Chicago & Alton's Withdrawal.

CHICAGO, June 19.—There seems no reason for the supposition that the Chicago & Alton railway will be induced to withdraw its withdrawal from the inter-state commerce association. The officials seem too happy over their escape from the restrictions of the presidents' agreement to think of placing themselves under restraint again. They claim they are now recovering their share of the live stock traffic, not in consequence of the division recommended by the association, but in spite of fair competition.

Spokane's Blanket Suit.

CHICAGO, June 19.—The magnificent blanket suit for the famous horse Spokane, was presented to his owner, Armstrong, to-day, on behalf of the donors of Spokane Falls. H. V. Donahue made the presentation speech, and read a letter signed by "H. H. Newburg and C. H. Voelinger, of Spokane Falls."

Dunraven Confident Over the Valkyrie.

LONDON, June 19.—Lord Dunraven and his brother-in-law, Mr. Kerr, in an interview to-day, declared that the Valkyrie fully answered their expectations. The Valkyrie will sail to morrow for Liverpool and will race from that port to the Clyde. She will then sail to New York. They were confident that the Volunteer would be selected to defend the America's cup and believed the Valkyrie would win, especially if, as was most likely, moderate weather prevailed. They will not use the center board.

Woolen Goods Association.

NEW YORK, June 19.—The executive committee of the woolen goods association decided to-day to draft a bill on credits and allowances which will be submitted to the trade.

Burke's Confession a Canard.

WINNIPEG, June 19.—The report that Burke has confessed is a canard. Burke has made no statement, except to deny all complicity in the Cronin murder. No one but his lawyer is allowed to see him.

Martin Burke Indicted.

CHICAGO, June 19.—An indictment was returned by the grand jury this morning against Martin Burke, alias Delaney, now under arrest at Winnipeg, on two counts: first, for the murder of Dr. Cronin; second, for conspiracy in connection with P. O. Sullivan, Coughlin and Woodruff.

Davitt on Alex Sullivan.

CHICAGO, June 19.—Tuesday the *Times* sent a cable message to Michael Davitt asking if the interview attributed to him regarding Alex Sullivan's connection with the Cronin murder case was genuine. The following is a copy of Davitt's reply received late to-night: "London, June 19. Editor *Times*:—I am alone responsible for the New York *World* interview of Sunday. I believe the attacks on Alex Sullivan are in the interest of the London *Times*.

(Signed) DAVITT."

A BREAKFAST PARTY.

John B. Kinney, the San Francisco Forger, Arrested in Boston.

[Special to THE HERALD—Examiner Dispatch.]

BOSTON, June 19.—John B. Kinney, alias Casey, was arrested by some of Pinkerton's men a few hours after his arrival in this city. Kinney, who is a young fellow of twenty-two, is a fugitive from justice in California. He was formerly a copper plate printer in San Francisco, and on May 24, it is alleged, he forged an order or note on Wells, Fargo & Co. for $4,800.

Accompanied by a handsome blonde whom he married in Sacramento, he came east, only arriving in Boston yesterday morning. The pair were allowed to finish their breakfast comfortably at the hotel, but when Kinney stepped out on Beach street, he was neatly nabbed by Superintendent Cornish, of Pinkerton's, and Inspector Cogan, of the police headquarters. A large sum of money was found upon him, which will be returned along with the prisoner to San Francisco as soon as the proper papers arrive.

King Kalakaua Kicks.

[Special to THE HERALD.—Examiner Dispatch.]

WASHINGTON, June 19.—San Francisco dispatches to the eastern newspapers yesterday, stated that King Kalakaua was not disposed to receive Mr. Henry W. Severance, of California, as consul general of the United States to Hawaii. At the state department nothing is known regarding the matter. If Kalakaua has any objection to Mr. Severance, he has failed thus far to make it kown to Secretary Blaine, by whom the report is not believed.

A Murdering Mother and Father.

LINCOLN, Neb., June 19.—Mr. and Mrs. John Leavitt were arrested to-day charged with the murder of their two daughters near Gresham Sunday night. They are in jail, lodged at Seward.

Hard Hamilton Hanged.

ROME, Ga., June 19.—Hard Hamilton was hanged here to-day for the murder of a Chinaman, Jae Lee, February last.

A Whole Family Poisoned.

CHICAGO, June 19.—The family of L. S. Dickey, eight persons in all, were dangerously poisoned this evening at supper. Two of the children cannot recover. What or who caused the poisoning is a mystery.

Brutal Murder in Arkansas.

HELENA, Ark., June 19.—James Gregory, constable of Hickory Ridge, in this county, was shot and killed yesterday by a man named James Crosby, a stave maker. Crosby had received threatening notes signed White Caps, and yesterday accused Gregory of writing the notes, which Gregory denied. The men quarreled bitterly, and finally Crosby jerked a shot gun from the hands of a bystander and shot Gregory in the face, felling him to the ground. The wounded man, with both of his eyes shot out, raised himself on his elbow and denounced Crosby as a cowardly murderer and invited him to finish his work by shooting him again. Crosby replied he believed he would, and deliberately fired the other barrel load into his head.

A Big Railroad Funding Scheme.

MILWAUKEE, June 19.—A mortgage in favor of the United States Trust company, covering every dollar's worth of property owned by the Chicago, Milwaukee & St. Paul railway, except lands, has been filed with the secretary of state. The mortgage is for the sum of $150,000,000, and it is executed for the purpose of carrying out the funding scheme of the company. The plan is to make the trust company sole creditor in order to secure a lower rate of interest. This object is to be achieved by the issuance of bonds of the value of $1,000 each, to run one hundred years. It is specified that the interest on these securities shall not exceed 5 per cent. nor be less than 4 per cent. of the total sum. Eighteen million dollars will be reserved to retire the outstanding bonds; $8,000,000 will be used to fund the floating debt, and the balance will be issued at the discretion of the directors.

The President's Reception.

WASHINGTON, June 19.—The President's reception this afternoon was attended by nearly three hundred persons, the majority being delegates to the meeting of the Patriotic Order of Sons of America now being held in this city. During the reception Mr. Spofford, one of the leading members, attempted to fasten a badge of the order on the President's breast, but he politely but firmly refused to accept it.

The Lutherans to Evangelize Utah.

MOLINE, Ills., June 19.—The Agustana Lutheran synod to-day considered the college question. The proposed constitution for the theological seminary was referred to the educational committee. On the president's report it was resolved to further the mission work in Utah by the establishment of English schools, which were very necessary. It was unanimously resolved that the synod earnestly protests against the proselyting work in the United States among the Swedish Lutherans, and that this action be sent to the proper Protestant Episcopal authorities in the United States.

Jamestown, N. Y., was chosen as the place of meeting one year hence.

Martinson Identifies Burke's Photograph.

CHICAGO, June 19.—The men sent to New York for the purpose of identifying, if possible, the suspects, Maroney and McDonald, returned to-day. Expressman Martinson was at once taken before the grand jury where he identified the photograph of Burke, the man now under arrest in Winnipeg, as that of the man who hired him to haul the furniture from 117 Clark street to the Carlson cottage.

A CRONIN SUSPECT.

The Man Mooney, No. 108, is Very Badly Wanted.

LABOR TROUBLES IN JOHNSTOWN.

The Workmen Do Not Like the Food Furnished, Nor the Pay Given Them—Railroads in Mexico.

CHICAGO, June 19. — An entirely new Cronin suspect is being looked for to-night. His name is Michael Cooney, and he has an old sobriquet, "The Fox." Cooney and Burke are claimed to be the two men who actually killed Cronin, and were both members of the Clan-na-Gael.

Cooney is a brick-layer by trade and, like Burke, came here from Ireland a few years ago. Burke is a member in camp 20 and was 108, and Cooney was also a member of camp 20 of the Clan-na-Gael and was 109. Each is described as an enthusiast in Irish matters, and particularly bitter regarding the British spy system, which, possibly, their personal experiences had given them, as they considered, good cause to detest Cronin. According to the best information to-night, little hope is to be entertained of the arrest of Cooney, if at all. There was a feeling generally that he had been given too long a start and was already in some safe retreat.

State's Attorney Longnecker allowed it to be inferred that he has two witnesses who will swear that Burke and Cooney slept in the cottage several days before the tragedy, and that they were seen leaving the cottage the morning preceding the fatal tragedy. Both are said to have proceeded to a saloon in the vicinity and drunk heavily. Information regarding it, it should be understood, is not official but neither the chief of police, nor the state's attorney deny that the report given is correct.

It was announced this afternoon that no more indictments would be returned until the jury is prepared to make its final report and that Burke was only indicted on the united plea of Chief Hubbard and State's Attorney Longnecker, who represented that the indictment would save time in securing his extradition. Chief Hubbard pins his his faith implicitly to his Burke theory, which he believes will lead to the detection and conviction of everyone connected with the case.

Expressman Martenson's identification of Burke's photo, gives color to the belief that the police are at last on the right track.

Justice Mahoney was before the grand jury this afternoon and testified that Sullivan and Burke were acquainted when they met in his office to make the contract between P. O Sullivan and his employees, and no contradiction was needed on his part, as averred by P. O. Sullivan.

A number of witnesses were examined, going over the same ground as before.

A Strike Impending in Johnstown.

JOHNSTOWN, June 19.—The visit of Governor Beaver and the flood committee to this place to-day, has borne practical fruit. The visitors met the finance committee of the Citizens relief committee and discussed the situation in all its details. The commission pledged itself to render all the help in its power. The local committee looked to their wants and after canvassing their demands, the commission authorized the immediate purchase of 500 Chicago ready-made houses for dwellings and store buildings that may be asked for by the merchants.

The morgue reports to-day show twelve bodies recovered. They were unidentified.

A strike is imminent among the laborers employed on the public work here. Trouble has been brewing for several days in consequence not only of the scarcity of the food supply but of the poor quality of the rations furnished, as well as dissatisfaction with their pay. This trouble culminated to-night in a meeting. They appointed a committee, which waited upon General Hastings and requested his good offices in their behalf. General Hastings promised to bring the matter to the attention of the contractors, but told them that that was all he could do. It is generally believed that this action presages a general strike.

Mexico's New Railroad.

CHICAGO, June 19.—Mexico's new railroad, it is announced here to-night, will be begun within twenty days. The Sonora & Chihuahua railway company held a meeting in this city. After the meeting, President Clarke, of Chicago, stated that a contract for 145 miles from Deming to Casas Grande, Old Mexico, had been let to Huse & Co. The line traverses the land obtained by the concession to Louis H. Eller. The coal and iron deposits in Sierra Madres, it is represented, will be tapped and coal will be transported to the west coast of Mexico and from there shipped to Mexico. According to the specifications, the entire line must be completed within a year.

The Platt Party Leaves.

NEW YORK, June 19.—Thomas C. Platt and party left this city to-night for their Alaskan trip. Besides Mr. and Mrs. Platt, Mr. and Mrs. Alger and their two daughters and son, there will be in the party General Poe, of Omaha; Colonel George H. Hopkins, Detroit, and Hon. J. M. Thurston and wife, Omaha.

Servian Revolutionary Manifesto.

LONDON, June 19.—A revolutionary manifesto from Servia has been circulated in Bosnia and Herzegovina, announcing that Austria intends to annex those territories. The populace is greatly excited.

Election of M. Hanna.

BOSTON, June 19.—At a meeting of the directors of the Union Pacific railway, to-day, M. Hanna, of Cleveland, O., a member of the recent board of government directors, was chosen to fill the vacancy occasioned by the resignation of Andrew Green, of New York. Subsequently a standing committee of five directors was elected to have charge of the coal lands and coal department of the company. Of this committee Hanna was made chairman.

Prohibition in Pennsylvania.

PHILADELPHIA, June 19.—Official and estimated returns from every county in the state showed that prohibition was defeated by 118,449 majority. The returns from all but twelve counties show a majority of 146,496 against providing for the poll tax qualification.

At the Pine Ridge Agency.

PINE RIDGE AGENCY, Dak., June 19.—The condition of affairs is somewhat improved since yesterday. General Crook has had an interview with many prominent Indians with good effect. There seems to be more desire on their part to have the bill thoroughly explained, and while this fact cannot be regarded as particularly decisive, it is encouraging.

Signatures have been taken slowly during the day.

The Great Chicago Meeting.

CHICAGO, June 19.—The Washington park race meeting begins Saturday and promises to be a most successful one. Although the club has stable room for nearly eight hundred horses, the pressure for accommodations is so great that the hasty construction of over one hundred new stables has been forced. The meeting will extend over twehty-six days, in the course of which the club will give over one hundred thousand dollars in purses and added money to the stakes.

The American derby on Saturday is of course the great center of interest. The new horses now considered likely to start are Spokane, Proctor Knot, Sorrento, Once Again, Don Jose, Come-to-Taw, Salvator, Fresno, Kasson, Banneret, Metal, Outbound, Chandler, Vidette, Retrieve, Lepriner, Long Dance, Teaton, and possibly one or two others. Proctor Knott is here and appears in good form. Haggin's pair, Salvator and Fresno, are at Sheepshead, but one of them is expected surely to contest the derby. Spokane is sure to be post favorite, but Sorrento will press him close in the betting. Don Jose and Proctor Knott are next in popular estimation, and Salvator will be a prime favorite if he comes.

St. Louis Races.

ST. LOUIS, June 19.—At the closing races to-day the weather was perfect, the track slow, but firm and safe; attendance good.

One furlong—Kidnap won, Big Brown Jug second, Jim Nave third. Time—1:19¼.

Five furlongs, two-year-olds—Nellie Williams won, Indian Princess second, Light third. Time—1:06.

Seven furlongs—Cora Fisher won, Fosteral second, Alphonze third. Time—1:24¼.

One mile—Queen of Trumps won, Josie N. second, St. Ledger third. Time—1:47¾.

One mile and seventy yards, all ages—Unlucky won, Fayette second, Insolence third. Time—1:51.

THE BELL OF THE CHARLESTON.

The Contributions of the 1,000 Men Who Worked on Her Acknowledged.

WASHINGTON, June 19.—The facts attending the pretty tribute offered by the men who built the cruiser Charleston are explained in a letter to the secretary of the navy from Congressman Morrow under date of May 31, in which he explains the voluntary contribution by the thousand workmen of $150 in small silver coins to be melted with the metal for the cruiser's bell as their tribute. Secretary Tracy has written Congressman Morrow as follows: "Dear Sir:—I have to thank you for your letter informing me of the particulars relating to the metal of the new cruiser Charleston. Among the many and costly presents that have been lately made by towns and individuals to the ships of the navy, there is none that the department values and appreciates more than this spontaneous offering from the workmen of the Charleston. It was a peculiarly appropriate and graceful thought that lead them to cast a permanent memorial of their united labors on the vessel named after one of the oldest historic ities of the Atlantic coast and built in the great metropolis of the Pacific, and it may be regarded as a type of the strength and unity of our republic, and the ring of the true metal in this bell will be due to the free contributions of the 1,000 men who built the ship and will be a constant witness to the independence and patriotism of our best citizens—the workingmen of America."

Sheepshead Bay Races.

SHEEPSHEAD BAY, June 19.—The attendance was fair, good weather and fine track to-day. To-day's racing was the establishment of a new five and a half furlongs record by Hanover.

Five and a half furlongs—Hanover won, Tipstaff second, J. F. Dee third. Time—1.00 2-5.

Bingham city	13.00
John Rockhill, Spanish Fork	5.00
Alfred Wharton	1.00
No name, Beaver	1.50
Alice Atkinson	.50
E. A. Ireland	10.00
Rio Grande Western, Spanish Fork	2.00
John Middleton, Iron city	5.00
Little Alice Godbe	2.00
Total	$92.00
Reported Monday evening	$7,634.03
Grand total	$7,726.03

Governor Thomas yesterday remitted to Seattle $1,908.53; to Pittsburg, $5,725.

About four hundred dollars of the total of $7,634, was sent in by persons outside of Salt Lake city. Salt Lake's contribution is $7,234.

MINISTER TO CHINA.

A Position Never Tendered to Admiral Shufeldt.

GEN'L ALGER'S TRIP TO ALASKA.

The Party Getting Ready to Start—Germany's Demand on France—Doings of English Capitalists in America.

[Special to THE HERALD—Examiner Dispatch.]

WASHINGTON, June 19.—Both naval and diplomatic circles were somewhat surprised yesterday by the announcement in an evening paper that Admiral Shufeldt had been tendered by Mr. Blaine the mission to China. It was also stated that the admiral, while not declining the mission, asked time to consider the matter, hesitating on account of the loss of his pay as a retired naval officer that would be involved in the acceptance. Admiral Shufeldt, however, when spoken to regarding the report last night, disposed of it in short order. There was not, he said, the slightest foundation for the story, so far as he knew. He was not an applicant for the place; it had not been tendered to him, and moreover he had not seen Mr. Blaine for a month.

More probable than this report is another which has been in circulation for several days, to the effect that Mr. Kasson, of Iowa, one of the commissioners to the Berlin conference, will be sent to China to succeed Mr. Denby, of Indiana, our present representative to that country.

The fact seems to be generally accepted in diplomatic circles, that Mr. William Walter Phelps, Mr. Kasson's Republican associate on the commission, will be appointed to the Berlin mission. If this be done, Mr. Kasson's friends will insist that at least an equal honor be shown to the Iowa statesmen, and as the mission to China would no doubt be very acceptable to him, there is at least a fair possibility that it may be given him. It is the President's intention to send only a man of undoubted ability to the court of China. He made this declaration to the friends of Colonel Fred Grant when they were urging that gentleman for the place, and he has thus far refrained from filling the mission in order to find a person whom he considered in every way suited to the proper discharge of the duties. The only person whom the President has looked upon with favor for the place is Mr. Chester W. Holcombe, of Connecticut, who formerly held the post of secretary of legation at Pekin. For some reason, however, Mr. Holcombe's prospective appointment was regarded with strong disfavor by the Chinese foreign office, and the minister at this point, acting under instructions from his government, notified Secretary Blaine that Mr. Holcombe would not, under any circumstances, be received by them. This, of course, settled the matter so far as Mr. Holcombe is concerned, and if the President does not appoint Mr. Kasson, who is the only gentleman now spoken of in connection with the mission, it may be some weeks or even months before Mr. Denby, who has made an admirable record at Pekin, is relieved.

The new Chinese minister to this country is expected to arrive about the 1st of next September, and a little while after the present minister will depart for home via London and Paris.

Germany's Demand on France.

PARIS, June 19.—*Le Soleil* says that Germany has made a demand upon France for compensation for the arrest of an alleged spy named Lechmer, near Belfort on Whitsunday. The French officials declare that the documents found on Lechmer justified his arrest.

English Capitalists Buying in America.

NEW YORK, June 19.—Samuel Untermeyer, agent for the English syndicate purchasing American breweries, says: "This syndicate, which, by the way, is not a syndicate, but merely a number of English capitalists, is going to invest in flour mills and rolling mills. We are already negotiating for the purchase of different mills, and propose to manufacture steel rails in this country. I am not at liberty now, however, to state where these manufactories and mills are."

Alger's Boom on Wheels.

NEW YORK, June 19.—Ex-Senator T. C. Platt will start on his Alaska trip to-day. He and Mrs. Platt will leave at 6 p. m. for Detroit. There they will meet General Alger's family and friends, and go with them to the Pacific coast. General Alger will be accompanied by Mrs. Alger and their two unmarried daughters, Fay and Frances, their oldest son Russell and wife, General O. E. Poe, formerly General Sherman's chief of engineers, but now in charge of the harbor at Detroit; Colonel George H. Hopkins, chairman of the Michigan Republican committee and R. E. Hawley, of Cleveland. General Alger's partner will go as as far as San Francisco. President John M. Thurston, of the Republican National league, will join the party at Tacoma, but Mrs. Thurston will meet the car at Omaha. Possibly Senator Jones, of Nevada, will go along.

Mr. J. F. Smith, editor of the Ft. Abercrombie, Dakota *Herald*, says: "The most wonderful medicine, I have ever met with, is Chamberlain's colic, cholera and diarrhoea remedy. In case of colic, it gives speedy relief. On hunting trips I have found it indispensible. Put it in alkali water, it imparts a pleasant taste and prevents the painful diarrhoea, which alkali water produces." 25 and 50 cent bottles for sale by Z. C. M. I. drug department.

PEOPLE'S EQUITABLE.
