STEADY RAIN FALLING.

A DISMAL DAY IS EXPERIENCED AT JOHNSTOWN.

The work of reovering bodies continues—Transferring the Morgue to Another Place—Another Gorge Forms Near Cambria.

JOHNSTOWN, Pa., June 10.—Rain began falling at 4 o'clock this morning, and is now coming down in a pour. The laborers are working as hard as they can to get the work on the creek will be paid off on Wednesday, and many of them expect to be given employment by the State. This morning a detail of the Fourteenth Regiment were sent to Cambria City to bring all the bodies and to get them to go to work. They have been dragging railroads right along, but have refused to stop at the yards. They are now at work with a guard over them.

At the Cambria hospital there are a few female patients, suffering from nervous prostration, and a few others who are recovering from the cholera. The bodies recovered yesterday were all in such a dismally state of decomposition that it was necessary to pour disinfectant on to the clothing before the workmen could handle them.

A story published yesterday to the effect that the citizens of Woodvale were living on horse flesh cut from the dead horses, is entirely untrue. The citizens of Coonessburg have created a perfect furore of indignation among the people throughout the valley. The statement is entirely untrue. The citizens of Coonessburg are not living on horse flesh. The bodies recovered yesterday were all in such a dismally state of decomposition that it was necessary to pour disinfectant on to the clothing before the workmen could handle them.

THE HORSE BLOCKS.

The Commissioners Revoke the Order of Their Predecessors.

The Commissioners have made the following order: "The order of May 18, 1889, in relation to carriage blocks, is hereby revoked, and attention is called to paragraph 4, section 7, of the regulations, which will be hereafter strictly enforced. Paragraph 4 is as follows: Carriage feet by 20 inches, not 8 inches in height, and in no case shall extend beyond the inner line of the curb."

CASHIER BALL ARRESTED.

He is Charged With Shortage of Over \$4,000.

Charles M. Ball, who is well known as the cashier of the United States Express Company, was arrested yesterday by Officer W. B. Anderson, of the Cambria station. The arrest was a great surprise to him, and a still greater shock to many acquaintances who were not aware of his employment with the express company. His position was one of importance and trust, and it is supposed that the usual causes in such cases have been the cause of his arrest.

THE COURT RECORD.

COURT IN GENERAL TERM—Justices Hager, James, Montgomery and Bradley. Bradstreet vs. Bradstreet; opinion by Justice Hager. Smith vs. Smith; opinion by Justice Montgomery. Judgment below affirmed on remittance being filed. Snyder vs. Keyser; opinion by Justice James. Judgment below reversed.

AGAINST THE METERS.

The Commissioners Revoke All Orders for Their Use.

The Commissioners take this afternoon issued this order: "All orders notifying residents of the District to set water meters in their establishments before July 1, 1889, are hereby suspended."

The Commissioners feel constrained to take this course for several reasons. The discussion lasted over two hours. The Commissioners feel constrained to take this course for several reasons. VERY ANGRY WORKMEN.

THEY EXPECTED TO GO TO JOHNSTOWN.

They Claim That They Were Led to Hope for Employment There in Clearing Away the Remains, But They Are Not Wanted.

Colonel Emery, who is representing charitable Washington at deluged Johnstown, would do well to look out when he comes back. Washington's army of the unemployed helped the Associated Charities' office, at 707 G street, like a hungry mob all Saturday and today.

THE SIX DAYS' MATCH.

Another Pedestrian Contest Began at 10 o'clock.

Although it was midnight before the doors were opened for five hundred men were at the race, and it was much interest in the race. Several beds of amounts of from \$5 to \$50 were made, and it was a unique crowd, as talk is given to the dress and talk.
